Burglar Admits Killing Wife Of Texas Oilman

MIDLAND, Tex. (AP) — A youthful ex-convict has admitted killing Mrs. Fred Turner, wife of a wealthy oilman and racehorse owner. She was bludgeoned Tuesday during a burglary attempt in the family's palatial home.

Police said James L. Marion, 22, a Midland Negro, was charged with murder and jailed. He told newsmen Tuesday night: "I don't want to talk."

Mrs. Turner, 66, was so badly beaten about the face that it was first thought she had been shot.

Loot Worth $500,000

Marion fled after slugging a daughter of the slain woman. Officers pulled him from an attic hiding place in a house two blocks distant a bit later and he admitted the killing.

Marion finished serving a state prison sentence for burglary last June.

Relatives discovered Mrs. Turner's body shortly after 7:30 a.m. Although a wall safe in a closet was open and empty, topsyturvy drawers in her dressing room still contained a fortune in diamonds she had battled to save.

A brother-in-law, Uel Stephens of Fort Worth, estimated the assorted diamond brooches, pins, rings, necklaces and watches were worth $500,000.

Mrs. Turner was alone in the house. Her husband was at Las Vegas, N.M., where he has extensive ranching interests. He quickly flew home.

Gun Seized

Marion told questioners he gathered loot for several hours before discovering there was anyone in the darkened house.

He said that after knocking a hole in Mrs. Turner's bedroom door "I heard somebody say 'I'm going to shoot you.' "

"A shot was fired," he said, "and I saw her standing on the balcony."

Marion seized the gun and Mrs. Turner sat in the room, he continued, while he searched various drawers.

He laid down the pistol, Mrs. Turner grabbed it and again he wrested it from her, the prisoner related, adding:

"That was when I hit her the first time. . .she got up again and got something in her hand. It was a cane or something. I took it away from her and hit her two more times with her gun."

She crumpled to the floor.

Governor Acts In Fish Crisis

LANSING (AP)—Gov. George Romney today appointed a 12-member committee to move immediately to help Michigan's fishing industry through a crisis caused by botulism deaths.

He said the committee, plus three consultants, will meet Thursday at the State Agriculture Department laboratory on the Michigan State University campus.

"The purpose will be to make sure adequate steps are being taken to protect public health and to consider immediate and long - range legislative and administrative action," Romney said.

He said the committee also will "make public information as specific as possible so there will be no undue damage to the industry."

He said seven botulism deaths linked to smoked fish has had a "serious adversee effect on one of Michigan's important industries."

Great Lakes fishing industries report 20,000 layoffs since sales of smoked fish nosedived.

Albert Applegate, an aide to Romney, compiled the roster of officials from state agencies, specialists from Universities, spokesmen for the industry and officers with the Federal Food & Drug Administration who will serve on the committee.

"We want to make sure we're doing everything that can be done," Romney said. Administrative Assistant Albert Applegate is compiling an invitation list to the confereences.

Applegate said officials from state agencies, specialists from universities, spokesmen from the fishing industries, and officers of the Federal Food & Drug Administration will be contacted.

"We want to get them together to see what the state can do to protect the public health and preserve the industry," Applegate said.

Goldwater May Come Out Soon

CONCORD, N.H. (AP)—Sen. Barry Goldwater says he may announce whether he will seek the Republican presidential nomination sooner than he had planned.

A leading contender for the nomination, Goldwater told a news conference Tuesday night that if he seeks the nomination he will campaign vigorously in New Hampshire's first-in-the nation primary next March 10.

During a brief visit to New Hampshire, the Arizona Republican referred to the Jan. 27 deadline he had set for announcing his intentions and said:

"I think I may make up my mind before that time in fairness to my supporters and the Republican party."

In an aside to supporters he said: "I expect to be back soon."

The occasion for Goldwater's visit was a $10-a-plate fund raising dinner for a chair in government at New England College in memory of the late Sen. Styles Bridges, R-N.H.

Only 11 days ago, Gov. Nelson Rockefeller of New York made a two-day speaking tour of New Hampshire and promvised to enter the New Hampshire primary if he decides to seek the GOP nomination.

BUFFALO, N.Y. (AP)—Mrs. Annabelle Dill, 61, was killed Tuesday night when her husband, Edward, 61, apparently suffered a fatal heart attack at the wheel of their automobile, causing it to swerve into three other cars at an intersection.

Dry Belt Gets Little Relief

CHICAGO (AP) — Rain and snow eased drought conditions and forest fire hazards in sections of New England today but not much relief was reported in other parts of the dry belt from the Southern Plains to New York State.

Heavy rains along the edges of hurricane Ginny splashed southeastern New England Tuesday as the storm moved into Nova Scotia. Moderate to heavy snow fell in central and northern Maine, with 13 inches in Greenville and nearly a foot in Houlton and Caribou. Snow flurries fell throughout New England, including Boston. More than 2½ inches of rain doused Nantucket, Mass.

Tuesday's rain belt extended along the Atlantic Coast from South Carolina into New England. Light rain dampened scattered sections in the Great Lakes region and southeastward to the Appalachians, but amounts were too light to break the prolonged dry spell.

Snow flurries flecked the area of Bluefield, straddling the Virginia-West Virginia line.

In New York State, 12 new fires were reported with a total of 59 still burning and a total of blazes in October. Strong winds in some woodland areas increased the fire danger. State fores have been closed and outdoor burning banned since Oct. 13.

Kingsford Turns Down Merger

IRON MOUNTAIN (AP)—Disapproval by Kingsford voters led to the defeat Tuesday of a proposal to consolidate the city governments of Kingsford and Iron Mountain as an economy measure. Iron Mountain voters approved the proposal, 1,632 to 481, but Kingsford voters rejected it, 1,508 to 383.

Congress Will Run Non-Stop Right Into '64

WASHINGTON (AP) — Congress will stay in operation right up to the start of the 1964 session. Even so, it may not have time enough to act this year on the top-priority tax cut and civil rights legislation.

Senators got the news Tuesday of the nonstop session—the first in 22 years—from Democratic Leader Mike Mansfield. they expect about the same sort of schedule.

Mansfield told his colleagues to expect a one-day break for Veterans Day, two days off at Thanksgiving and a 12-day Christmas-New Year's recess.

Mansfield said the Senate would be back Jan. 2 and that it might meet the morning of Jan. 3. The first session of the 88th Congress must—by law—jend at noon that day.

If the Senate convenes in the morning of Jan. 3, it will stop at noon and reconvene one minute later to start the second session, Mansfield said.

The Senate will be faced with a bigger load in November and December than the House.

The House has passed one of President Kennedy's two top priority bills, the $11-billion tax cut. The other, a civil rights bill, was approved in committee Tuesday. Both are in the hearing stage in the Senate.

The limitations of the calendar appeared to make it almost certain that Congress cannot pass the bills this year.

Hunt Abandoned For Missing Tug Off Norfolk, Va.

PORTSMOUTH, Va. (AP) — After nine days of fruitless search in the Atlantic for the missing tug Meitowax, the Coast Guard ended its hunt Tuesday.

The tug disappeared between New York and Charleston, S.C. She was last heard from Oct. 20 when she radioed her position as 50 miles off Norfolk, Va., sailing southward to the area where hurricane Ginny was born off the Carolina coast.

The 105-foot Meitowax carried a crew of four.

Detroit May Bid For Trade Fair

DETROIT (AP) — Detroit Mayor Jerome P. Cavanagh said Tuesday he will form a committee to study the feasibility of holding a world's fair or trade fair in Detroit in 1972. Committee members will be named in about two weeks, Cavanagh said.

Fingers Crossed On Civil Rights By House GOP

WASHINGTON (AP)—House Republicans kept their fingers crossed today as they received administration praise for helping to launch a strong civil rights bill in Congress.

The Republicans have warned the administration all pledges of support for the compromise measure are off if the Democrats seek to make any political gain out of civil rights at their expense.

At the moment, though, bipartisanship was holding firm and the long bottled-up legislation finally began to move through the House.

Even with President Kennedy, Speaker John W. McCormack and Republican Leader Charles A. Halleck behind it, however, the far-reaching compromise bill faces delays and obstacles.

The most optimistic estimate heard Tuesday after the House Judiciary Committee approved the bill by a 23-11 vote was that it would be mid-November before it gets to the House floor. The time will be needed to write a report on the measure and hold hearings in the Southern-dominated Rules Committee.

The biggest obstacle remains the Senate, however, where it is accepted as fact that a Southern filibuster will have to be broken by a two-thirds majority vote if any bill is to be passed.

Tabbed a compromise between a tough subcommittee bill and more moderate measures introduced by Republicans, the bill that emerged from the Judiciary Committee proved stronger than the original administration bill.

It retained several provisions from the subcommittee bill, including one that would create a federal commission empowered to ban racial discrimination in employment in private industry. The commission would have to go into court to get an injunction carrying out its findings, however, instead of having its own enforcement powers, as in the subcommittee bill.

Two other provisions would ban racial discrimination in hotels, restaurants, theaters and other places serving the public, and empower the President to cut off funds for federal programs where discrimination is practiced.

American Wife Joins Spy Case Aid In Moscow

LONDON (AP)—Mrs. Harold Philby, American wife of the third man in the Burgess and Maclean spy case, has joined her husband in Moscow.

The British Foreign Office announced Tuesday that Mrs. Philby, 49, formerly of Seattle, Wash., arrived in Moscow Sept. 26.

Philby, a former foreign office employe and Mideast correspondent for a British newspaper, was identified as the man who tipped British diplomats Guy Burgess and Donald Maclean 12 years ago that government authorities suspected them of being spies.

Burgess and Maclean fled to Moscow. Burgess died there in August.

Philby disappeared from Beirut last January.

South Viet Nam Reds Win Clash

SAIGON, Viet Nam (AP) — Communist guerrillas smashed a crack South Vietnamese task force Tuesday and probably captured the three U.S. Army advisers with the 120-man task force.

The three Americans, listed as missing, were two officers and an enlisted medic. Stragglers returning from the rout said both officers had been wounded in the fight.

A second government force of about 200 men, operating only a few thousand yards away, learned of the battle too late to help. U.S. authorities said Communist radio jammers knocked out the channels on all local military radios.

The operation cost the Vietnamese special forces an estimated 20 killed, 30 wounded and 12 missing and presumed captured. Heavy weapons lost included a 60mm mortar. Viet Cong losses were unknown.

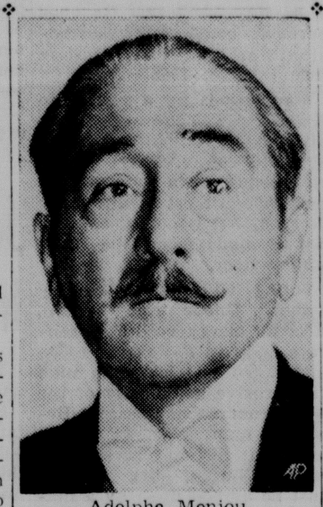

"The day ended with the enemy in command of the field," a high-ranking American officer said.

Names of the missing Americans were not announced.

The U.S. casualty list rose to four late Tuesday when the Air Force pilot of a light spotting plane was hit by machine gun fire. The pilot flew back to his base, however.

Adolphe Menjou

Veteran Actor Menjou Dies In Beverly Hills

HOLLYWOOD (AP)—Adolph Menjou, an elegant dresser who mourned the fading popularity of spats and knickers, was himself mourned by Hollywood today.

The veteran actor, whose career spanned more than 50 years and over 200 films, died of chronic hepatitis Tuesday at his Beverly Hills home. He was 73.

Menjou's third wife, the former Verree Teasdale, and their adopted son, Peter, 27, were at his side.

The actor had been in ill health nine months, his son said.

Menjou, born in Pittsburgh, Pa., was filmdom's epitome of the European gentleman.

His clipped mustache and precise speech, along with his dapper clothes gave him the image He said it was deliberate.

Menjou attended Cornell University where he wrote, prodused and directed college theatricals.

Before World War I, he made screen love to such stars as Marguerite Clark and Norma Talmadge.

After the war, Menjou followed the film industry to California. He hit his stride in 1923, appearing in "The Three Musketeers," with Douglas Fairbanks" "The Sheik," with Rudolph Valentino, and "Woman of Paris," with Charlie Chaplin.

From 1924 to 1929, he earned a reported $7,000 a week. He signed a contract with MGM in 1927 for the same figure, but declined afterward to sign exclusive contracts and remained a free lance actor for the rest of his career.

In 1953-54, Menjou starred as narrator of a television series, "My Favorite Story."

Pair Arrested By FBI With Secret Papers

NEWARK, N.J. (AP) — FBI agents have capped seven months of around-the-clock work with the arrests of an American electronics engineer, cleared to handle top secret material, and a Russian chauffeur on espionage charges.

They were arrested Tuesday night after a rendezvous near an old stone railroad station in Englewood.

Two Russian diplomats serving with the Soviet mission to United Nations in New York City also were apprehended by the FBI but they were released because of their diplomatic immunity.

Tiny Camera In Car

Seized in the Russians' car were a brief case that contained information about a secret Air Force contract and a tiny document camera designed to operate from the car's cigarette lighter.

The accused spies, charged early today with "delivering to a foreign government information relating to the national defense of the United States," are John William Butenki, 38, of Orange, and Igor A. Ivanov, 33, of New York City.

Butenko, a bachelor of Russian parentage, is a $14,700-a-year control administrator for the International Electric Corp. of Paramus.

Ivanov, married and father of a 6-year-old daughter, was a chauffeur for AMTORG, A Soviet government-sponsored agency that handles U. S.-Russian trade relations. He came to this country in March 1962.

The two Russian diplomats were Yuri A. Romashin, 38, third secretary of the Soviet U.N. mission and Gleb A. Pavlov, 39, an attache of the mission.

Agents Watch Meeting

Atty. Gen. Robert F. Kennedy and FBI Director J. Edgar Hoover gave this account of Tuesday night's cat-and-mouse activity:

FBI agents watched from the shadows as Butenko and the Russians met in the station parking lot and then strode away. The agents moved in, collaring Butenko in his car and Pavlov and Ivanov in their automobile. Romashin was siezed nearby, where he was posted as a lookout.

In the rear seat of the Russians' car was a briefcase that Butenko brought to the meeting, containing data relating to a "highly sensitive Air Force contract being handled by the International Electric Corporation." The document camera also was in the Russian car.

The first meeting of the accused conspirators occured April 21 according to the FBI complaint, at a restaurant in Norwood, N.J. The first briefcase switch occurred shortly afterward on the side of a road in Closter.

Similar meetings, involving an attache case and brown leather briefcase, occurred on May 26 in the vicinity of Closter, on the following day at a parking lot in Fort Lee, and on Sept. 24 betweeeen Paramus and Teaneck, the FBI said.

The bespectacled Butenko has worked for International Electric since March 1960.

Tax Reform Parcel Gets Cool Response In Lansing

LANSING (AP)—Gov. George Romney and Republican legislative leaders held out hopes today for their sharply - revised tax reform program after watching it receive a cool response in its first test.

The program — built along lines originally proposed by Romney but with several changes including an increase in state aid to schools — was headed for a second scrutiny by GOP caucuses in the House and Senate.

In its first exposure Tuesday, the program encountered mixed reaction.

Not Total Flop

"It didn't win any medals—but it wasn't a total flop, either," said one member of the Republican "Leadership Committee" formed last week to end the tax reform stalemate.

The 10 - member committee met again with Romney Tuesday night in an effort to iron out objections raised by Republican lawmakers in the caucuses.

The revamped program would change property tax relief provisions and offer state school aid amounting to some $42 million over the next three years.

Where Romney had called for a 20 per cent reduction in school property taxes to be rebated to districts by the state, the committee proposed an across-the-board 10 per cent reduction in all general property taxes.

This would be tied to an increase in state payments of $7 per pupil over the next three years, plus a ¼ mill increase per year in the deductible millage equalization factor.

Basic Needs Met

This would cost $7 million in 1964-65, $14 million in 1965-66, and $21 million in 1966-67.

Romney said the revised program was acceptable to him.

He said it met his basic demands: Tax relief for low income groups, tax relief and equity for business, property tax relief and provisions for local units of government to raise needed revenues.

"I would consider some parts of the new program to be improvements over the first one," the governor said.

The new program retains state income taxes of 2 per cent on individuals, 3½ per cent on corporations and 6 per cent on financial institutions as its central feature.

However, GOP leaders in both chambers said a referendum vote next fall to set a constitutional limit on all state income taxes would be virtually certain if the taxes are approved by the legislature.

More Local Taxes

Resolutions already have been introduced in the House and Senate to require a vote on establishing a limit, in the event income taxes are approved.

The revised program also incorporates Romney's proposal for local option income taxes, county auto license fees and real estate transfer taxes, exemption of groceries and drugs from sales tax and repeal of the Business Activities Tax and intangibles tax.

Wiped out, however, are the Romney proposals for tax relief to the beer industry and exemption of new corporations from the state corporation franchise tax.

In one key change, the Leadership Committee proposed putting Homestead Property Tax relief for retirees over 65 on an optional basis for local assessing units of government.

It would provide that they could approve either a deferral or outright exemption of such taxes, but there would be no reimbursement by the state for money lost.

Killer Parole Draws Protest

MUSKEGON (AP) — The mother of a holdup slaying victim says she will protest to Gov. George Romney the parole of a Muskegon couple from their prison sentences of 14 to 25 years each in the case.

Mrs. Edwin J. Byer Sr. said said anything if they had served the minimum."

Her 17-year-old son, Edwin Jr., died of shotgun wounds suffered Feb. 5, 1957, as a patron in a drug store where he struggled with 17-year-old gun-wielder Robert Estes who admitted entering the store in a holdup at) Tuesday she "wouldn't have tempt.

Estes implicates James and Rosemary Wencel as planners of the attempt. All three pleaded guilty to second degree murder in the case and were sentenced by Circuit Judge Henry L. Beers to similar terms of 14 to 25 years each in May 1957.

Now reported divorced, Wencel was paroled last August and Mrs. Wencel in September.

Joining criticism of the State Parole Board by Beers and Prosecutor Harrry J. Knudsen, Mrs. Byer said "it won't be long beforee Estes will be out, too."

"I think the governor should investigate that board," Mrs. Byer added.

Shipping Halted By Hurricane

HALIFAX, N.S. (AP)—Hurricane Ginny moved over the Gulf of St. Lawrence today on a course for the west coast of Newfoundland after lashing the Maritime Provinces with winds up to 100 miles an hour.

In her wake, she left uprooted trees, disrupted communications and stalling shipping. There were no reports of casualties.

The weather office at Gander, Nfld., predicted Ginny would die in the North Atlantic following its passage across the east end of Anticosti Island in the Gulf of St. Lawrence and along the coast of Labrador.

Unsuccessful applicants will also be notified by a mailing Monday, Nov. 4. The department said about 146,000 will get permits and 115,000 will not.

Stroke Kills 2

BUFFALO, N.Y. (AP)—Mrs. Annabelle Dill, 61, was killed Tuesday night when her husband, Edward, 61, apparently suffered a fatal heart attack at the wheel of their automobile, causing it to swerve into three other cars at an intersection.

Kingsford Turns Down Merger

IRON MOUNTAIN (AP)—Disapproval by Kingsford voters led to the defeat Tuesday of a proposal to consolidate the city governments of Kingsford and Iron Mountain as an economy measure. Iron Mountain voters approved the proposal, 1,632 to 481, but Kingsford voters rejected it, 1,508 to 383.

Congress Will Run Non-Stop Right Into '64

WASHINGTON (AP) — Congress will stay in operation right up to the start of the 1964 session. Even so, it may not have time enough to act this year on the top-priority tax cut and civil rights legislation.

Senators got the news Tuesday of the nonstop session—the first in 22 years—from Democratic Leader Mike Mansfield. they expect about the same sort of schedule.

Mansfield told his colleagues to expect a one-day break for Veterans Day, two days off at Thanksgiving and a 12-day Christmas-New Year's recess.

Mansfield said the Senate would be back Jan. 2 and that it might meet the morning of Jan. 3. The first session of the 88th Congress must—by law—jend at noon that day.

If the Senate convenes in the morning of Jan. 3, it will stop at noon and reconvene one minute later to start the second session, Mansfield said.

The Senate will be faced with a bigger load in November and December than the House.

The House has passed one of President Kennedy's two top priority bills, the $11-billion tax cut. The other, a civil rights bill, was approved in committee Tuesday. Both are in the hearing stage in the Senate.

The limitations of the calendar appeared to make it almost certain that Congress cannot pass the bills this year.

Hunt Abandoned For Missing Tug Off Norfolk, Va.

PORTSMOUTH, Va. (AP) — After nine days of fruitless search in the Atlantic for the missing tug Meitowax, the Coast Guard ended its hunt Tuesday.

The tug disappeared between New York and Charleston, S.C. She was last heard from Oct. 20 when she radioed her position as 50 miles off Norfolk, Va., sailing southward to the area where hurricane Ginny was born off the Carolina coast.

The 105-foot Meitowax carried a crew of four.

Detroit May Bid For Trade Fair

DETROIT (AP) — Detroit Mayor Jerome P. Cavanagh said Tuesday he will form a committee to study the feasibility of holding a world's fair or trade fair in Detroit in 1972. Committee members will be named in about two weeks, Cavanagh said.

Fingers Crossed On Civil Rights By House GOP

WASHINGTON (AP)—House Republicans kept their fingers crossed today as they received administration praise for helping to launch a strong civil rights bill in Congress.

The Republicans have warned the administration all pledges of support for the compromise measure are off if the Democrats seek to make any political gain out of civil rights at their expense.

At the moment, though, bipartisanship was holding firm, and the long bottled-up legislation finally began to move through the House.

Even with President Kennedy, Speaker John W. McCormack and Republican Leader Charles A. Halleck behind it, however, the far-reaching compromise bill faces delays and obstacles.

The most optimistic estimate heard Tuesday after the House Judiciary Committee approved the bill by a 23-11 vote was that it would be mid-November before it gets to the House floor. The time will be needed to write a report on the measure and hold hearings in the Southern-dominated Rules Committee.

The biggest obstacle remains the Senate, however, where it is accepted as fact that a Southern filibuster will have to be broken by a two-thirds majority vote if any bill is to be passed.

Tabbed a compromise between a tough subcommittee bill and more moderate measures introduced by Republicans, the bill that emerged from the Judiciary Committee proved stronger than the original administration bill.

It retained several provisions from the subcommittee bill, including one that would create a federal commission empowered to ban racial discrimination in employment in private industry. The commission would have to go into court to get an injunction carrying out its findings, however, instead of having its own enforcement powers, as in the subcommittee bill.

Two other provisions would ban racial discrimination in hotels, restaurants, theaters and other places serving the public, and empower the President to cut off funds for federal programs where discrimination is practiced.

American Wife Joins Spy Case Aid In Moscow

LONDON (AP)—Mrs. Harold Philby, American wife of the third man in the Burgess and Maclean spy case, has joined her husband in Moscow.

The British Foreign Office announced Tuesday that Mrs. Philby, 49, formerly of Seattle, Wash., arrived in Moscow Sept. 26.

Philby, a former foreign office employe and Mideast correspondent for a British newspaper, was identified as the man who tipped British diplomats Guy Burgess and Donald Maclean 12 years ago that government authorities suspected them of being spies.

Burgess and Maclean fled to Moscow. Burgess died there in August.

Philby disappeared from Beirut last January.

South Viet Nam Reds Win Clash

SAIGON, Viet Nam (AP) — Communist guerrillas smashed a crack South Vietnamese task force Tuesday and probably captured the three U.S. Army advisers with the 120-man task force.

The three Americans, listed as missing, were two officers and an enlisted medic. Stragglers returning from the rout said both officers had been wounded in the fight.

A second government force of about 200 men, operating only a few thousand yards away, learned of the battle too late to help. U.S. authorities said Communist radio jammers knocked out the channels on all local military radios.

The operation cost the Vietnamese special forces an estimated 20 killed, 30 wounded and 12 missing and presumed captured. Heavy weapons lost included a 60mm mortar. Viet Cong losses were unknown.

"The day ended with the enemy in command of the field," a high-ranking American officer said.

Names of the missing Americans were not announced.

The U.S. casualty list rose to four late Tuesday when the Air Force pilot of a light spotting plane was hit by machine gun fire. The pilot flew back to his base, however.

Adolphe Menjou

Veteran Actor Menjou Dies In Beverly Hills

HOLLYWOOD (AP)—Adolph Menjou, an elegant dresser who mourned the fading popularity of spats and knickers, was himself mourned by Hollywood today.

The veteran actor, whose career spanned more than 50 years and over 200 films, died of chronic hepatitis Tuesday at his Beverly Hills home. He was 73.

Menjou's third wife, the former Verree Teasdale, and their adopted son, Peter, 27, were at his side.

The actor had been in ill health nine months, his son said.

Menjou, born in Pittsburgh, Pa., was filmdom's epitome of the European gentleman.

His clipped mustache and precise speech, along with his dapper clothes gave him the image He said it was deliberate.

Menjou attended Cornell University where he wrote, prodused and directed college theatricals.

Before World War I, he made screen love to such stars as Marguerite Clark and Norma Talmadge.

After the war, Menjou followed the film industry to California. He hit his stride in 1923, appearing in "The Three Musketeers," with Douglas Fairbanks" "The Sheik," with Rudolph Valentino, and "Woman of Paris," with Charlie Chaplin.

From 1924 to 1929, he earned a reported $7,000 a week. He signed a contract with MGM in 1927 for the same figure, but declined afterward to sign exclusive contracts and remained a free lance actor for the rest of his career.

In 1953-54, Menjou starred as narrator of a television series, "My Favorite Story."

Pair Arrested By FBI With Secret Papers

NEWARK, N.J. (AP) — FBI agents have capped seven months of around-the-clock work with the arrests of an American electronics engineer, cleared to handle top secret material, and a Russian chauffeur on espionage charges.

They were arrested Tuesday night after a rendezvous near an old stone railroad station in Englewood.

Two Russian diplomats serving with the Soviet mission to United Nations in New York City also were apprehended by the FBI but they were released because of their diplomatic immunity.

Tiny Camera In Car

Seized in the Russians' car were a brief case that contained information about a secret Air Force contract and a tiny document camera designed to operate from the car's cigarette lighter.

The accused spies, charged early today with "delivering to a foreign government information relating to the national defense of the United States," are John William Butenki, 38, of Orange, and Igor A. Ivanov, 33, of New York City.

Butenko, a bachelor of Russian parentage, is a $14,700-a-year control administrator for the International Electric Corp. of Paramus.

Ivanov, married and father of a 6-year-old daughter, was a chauffeur for AMTORG, A Soviet government-sponsored agency that handles U. S.-Russian trade relations. He came to this country in March 1962.

The two Russian diplomats were Yuri A. Romashin, 38, third secretary of the Soviet U.N. mission and Gleb A. Pavlov, 39, an attache of the mission.

Agents Watch Meeting

Atty. Gen. Robert F. Kennedy and FBI Director J. Edgar Hoover gave this account of Tuesday night's cat-and-mouse activity:

FBI agents watched from the shadows as Butenko and the Russians met in the station parking lot and then strode away. The agents moved in, collaring Butenko in his car and Pavlov and Ivanov in their automobile. Romashin was siezed nearby, where he was posted as a lookout.

In the rear seat of the Russians' car was a briefcase that Butenko brought to the meeting, containing data relating to a "highly sensitive Air Force contract being handled by the International Electric Corporation." The document camera also was in the Russian car.

The first meeting of the accused conspirators occured April 21 according to the FBI complaint, at a restaurant in Norwood, N.J. The first briefcase switch occurred shortly afterward on the side of a road in Closter.

Similar meetings, involving an attache case and brown leather briefcase, occurred on May 26 in the vicinity of Closter, on the following day at a parking lot in Fort Lee, and on Sept. 24 betweeeen Paramus and Teaneck, the FBI said.

The bespectacled Butenko has worked for International Electric since March 1960.

Tax Reform Parcel Gets Cool Response In Lansing

LANSING (AP)—Gov. George Romney and Republican legislative leaders held out hopes today for their sharply - revised tax reform program after watching it receive a cool response in its first test.

The program — built along lines originally proposed by Romney but with several changes including an increase in state aid to schools — was headed for a second scrutiny by GOP caucuses in the House and Senate.

In its first exposure Tuesday, the program encountered mixed reaction.

Not Total Flop

"It didn't win any medals—but it wasn't a total flop, either," said one member of the Republican "Leadership Committee" formed last week to end the tax reform stalemate.

The 10 - member committee met again with Romney Tuesday night in an effort to iron out objections raised by Republican lawmakers in the caucuses.

The revamped program would change property tax relief provisions and offer state school aid amounting to some $42 million over the next three years.

Where Romney had called for a 20 per cent reduction in school property taxes to be rebated to districts by the state, the committee proposed an across-the-board 10 per cent reduction in all general property taxes.

This would be tied to an increase in state payments of $7 per pupil over the next three years, plus a ¼ mill increase per year in the deductible millage equalization factor.

Basic Needs Met

This would cost $7 million in 1964-65, $14 million in 1965-66, and $21 million in 1966-67.

Romney said the revised program was acceptable to him.

He said it met his basic demands: Tax relief for low income groups, tax relief and equity for business, property tax relief and provisions for local units of government to raise needed revenues.

"I would consider some parts of the new program to be improvements over the first one," the governor said.

The new program retains state income taxes of 2 per cent on individuals, 3½ per cent on corporations and 6 per cent on financial institutions as its central feature.

However, GOP leaders in both chambers said a referendum vote next fall to set a constitutional limit on all state income taxes would be virtually certain if the taxes are approved by the legislature.

More Local Taxes

Resolutions already have been introduced in the House and Senate to require a vote on establishing a limit, in the event income taxes are approved.

The revised program also incorporates Romney's proposal for local option income taxes, county auto license fees and real estate transfer taxes, exemption of groceries and drugs from sales tax and repeal of the Business Activities Tax and intangibles tax.

Wiped out, however, are the Romney proposals for tax relief to the beer industry and exemption of new corporations from the state corporation franchise tax.

In one key change, the Leadership Committee proposed putting Homestead Property Tax relief for retirees over 65 on an optional basis for local assessing units of government.

It would provide that they could approve either a deferral or outright exemption of such taxes, but there would be no reimbursement by the state for money lost.

Killer Parole Draws Protest

MUSKEGON (AP) — The mother of a holdup slaying victim says she will protest to Gov. George Romney the parole of a Muskegon couple from their prison sentences of 14 to 25 years each in the case.

Mrs. Edwin J. Byer Sr. said said anything if they had served the minimum."

Her 17-year-old son, Edwin Jr., died of shotgun wounds suffered Feb. 5, 1957, as a patron in a drug store where he struggled with 17-year-old gun-wielder Robert Estes who admitted entering the store in a holdup at) Tuesday she "wouldn't have tempt.

Estes implicates James and Rosemary Wencel as planners of the attempt. All three pleaded guilty to second degree murder in the case and were sentenced by Circuit Judge Henry L. Beers to similar terms of 14 to 25 years each in May 1957.

Now reported divorced, Wencel was paroled last August and Mrs. Wencel in September.

Joining criticism of the State Parole Board by Beers and Prosecutor Harrry J. Knudsen, Mrs. Byer said "it won't be long beforee Estes will be out, too."

"I think the governor should investigate that board," Mrs. Byer added.

Shipping Halted By Hurricane

HALIFAX, N.S. (AP)—Hurricane Ginny moved over the Gulf of St. Lawrence today on a course for the west coast of Newfoundland after lashing the Maritime Provinces with winds up to 100 miles an hour.

In her wake, she left uprooted trees, disrupted communications and stalling shipping. There were no reports of casualties.

The weather office at Gander, Nfld., predicted Ginny would die in the North Atlantic following its passage across the east end of Anticosti Island in the Gulf of St. Lawrence and along the coast of Labrador.

Rep. Griffin Joins Critics

SHELBY (AP) — Rep. Robert P Griffin, R-Mich., Tuesday joined critics of President Kennedy's administration for trying to modify its civil rights package.

"Unfortunately, there is too much political maneuvering," he said of the bill in a Muskegon interview Monday before appearing here at a Republican fund-raising dinner.

The idea that the administration's civil rights bill must be modified to gain Republican support is "phony," Griffin said.

He said it was an attempt to gain political support from "disgruntled" areas such as the South and not to pick up Republican votes from Congress.

Griffin does not believe civil rights will be a valid issue for the 1964 presidential campaign. "I can't see it as a campaign issue unless the Kennedy administration completely drops the ball,' he said.

He also said he considers Rep. Gerald R. Ford, R-Mich., a dark horse candidate for the Republican nomination as presidential candidate.

Of his own plans, Griffin said his health was good and he was "giving some consideration" to opposing Sen. Philip A. Hart, D-Mich., for the Senate seat. "I'm still a long way from running," he added, however.

Police Praised

LANSING (AP)—Four Republican senators Tuesday praised state police handling of the larceny case against one of the department's own officers, Det. Lt. Carl Robinson. Robinson, 46, awaits sentencing Dec. 3 after pleading guilty to larceny by conversion of $1,200. Sens. Kent Lundgren, R-Menominee, Haskell Nichols, R-Jackson, Emil Lockwood, R-St. Louis and Harold Hughes, R-Clare, introduced a resolution calling for a vote of confidence in the state police.

Plan Election Of Episcopal Bishop Nov. 19

Representatives of the parishes and missions of the Episcopal Diocese of Northern Michigan will meet to elect the fifth Bishop of the Diocese on Tuesday, Nov. 19. The special convention for this purpose will be held in St. Stephen's church, Escanaba, beginning at 10 a. m.

The Rt. Rev. Herman R. Page, D. D., fourth Bishop of the Diocese, will reach the mandatory retirement age of 72 on Bay 3, 1964. He has served as chief pastor and administrator of the Diocese since Oct. 23, 1942.

Nominations for a success to Bishop Page have been received by a committee of laymen and clergy. The committee will present a slate of men they believe most qualified for the post, but nominations may also be made from the convention floor.

Voting will take place by "orders". Under this system, Diocesan clergy vote as a separate body as do lay representatives. To be elected, a man must receive a majority of the votes from each group. Because a man elected as an Episcopal Bishop serves the entire Church, his election must be agreed upon by a majority of the Standing Committees of the Diocese of the Episcopal Church as well as a majority of the Bishops of the Church.

The new Bishop will be in direct Apostolic succession, tracing his orders directly to the original 12 Apostles. Samuel Seabury was the first American Bishop, consecrated in 1784 by Bishops of the Church of Scotland, who through their connection with the Church of England, were in the Apostolic succession. In 1787 Bishops White and Provoost were consecrated in England by the Archbishop of Canterbury. These three American Bishops could then consecrate others on American soil. The Protestant Episcopal Church in the United States of America is a part of the worldwide Anuglican Communion.

As Bishop of the Diocese of Northern Michigan, the successor to Bishop Page will serve the entire Upper Peninsula as well as Mackinac and Bois Blanc Islands. At the present time it includes nine parishes and 22 missions with nearly 5,000 baptized members. Headquarters of the Diocese are at Menominee where Grace Cathedral is the Episcopal see.

Joseph Valachi Inquiry Closed

WASHINGTON (AP)—In the news from Washington:

SONG ENDED: Without fanfare, the Senate Investigations subcommittee has rung down the curtain on Joseph Valachi and his vendetta against the Mafia.

The convicted narcotics racketeer and murderer was slipped into a closed session Tuesday for what apparently was his final day of testimony about the workings of a crime syndicate he calls Cosa Nostra but known usually to police as the Mafia.

Subcommittee chairman John L. McClellan, D-Ark., said Valachi was heard in secret because he was giving information which dealt with current and planned criminal proceedings.

A subcommittee spokesman said Valachi was returned to a cell in the District of Columbia Jail. Where he will go from there is a mystery.

HEALTH CARE: The House Ways and Means Committee will begin hearings Nov. 18 on President Kennedy's plan for health care for the aged.

Chairman Wilbur D. Mills, D-Ark., announced the group will hear testimony not only on the administration proposals—which hever drew enough support to win the committee's approval—but also on adequacy of the medical programs under the Kerr-Mills Act which provides federal aid for state programs helping the indigent.

RED CROSS: The American Red Cross is getting another Army general as president.

It announced Tuesday that Gen. James Francis Collins will assume the $30,000-a-year post April 1, succeeding Gen. Alfred M. Gruenther, retiring after heading the national organization for more than seven years.

Red Cross Chairman E. Roland Harriman said Collins, commander of the Army in the Pacific, was the unanimous choice of the board of governors.

NEWS - PENTAGON: The Pentagon has issued new orders aimed at preventing rows between newsmen and military police at the scenes of off-base military accidents.

There have been clashes for years.

Under the new directive Tuesday MPs are told to ask "assistance of appropriate civil law nforcement officials in preventing compromise of (classified) material and in recovering all photographs, negatives and sketches which are presumed to contain classified information."

There was no explanation of how military or civil police would know immediately whether, for instance, a crashed plane was classified or contained classified material.

Student Council Groups Confer

"A World Fit for People—The Student Council Challenge" is title of the keynote address to be given by Dr. Donald Weaver, principal of the Campus School of Western Michigan University, Kalamazoo, at the annual Upper Peninsula Conference for Student Councils Saturday at Holy Name High School. His address will be the theme and subject for discussion of student council members and their advisers from all over the Upper Peninsula.

The students and their advisors will go into discussion groups which will continue until lunch time and reconvene after lunch. The program discussion groups and Dr. Weaver's summarizing talk.

Local people who are involved in the program are:

Scientific Literacy

"The newspapers, magazines, radio and TV represent the mechanism of continuing education. Most of the people who have now lived half their lives learned nothing at all about the atom, or space, or many phases of medicine when they went to school."

The speaker is Dr. Watson Davis, director of Science Service, of Washington, D.C. in the annual Yates memorial lecture sponsored by the Michigan Tuberculosis Association and Michigan State University at MSU. Dr. Davis described the importance of informing Americans on the developments of science, and of the difficulty of doing it.

He prefaced his remarks about making Americans scientifically literate with a report on the colossal state of illiteracy in the world today. It affects in a deadly way the effort to make a better world. UNESCO officials estimate that 45 pct. of the world's children do not go to school. The number of adult illiterates swells by 20 to 25 million yearly. In a world whose chief hope of improvement is self-betterment, what chance is there if people cannot even communicate or receive simple thoughts?

★ ★ ★

Nearly half the people in the world cannot read a simple story in a newspaper. Today there are more than a billion illiterates—the equivalent of the total population of Europe, Africa, North and South America.

There are 11 million persons in the United States who can't read an ad for a job in the paper.

In Latin America, which the United States must help if communism is to be kept out, it's predicted that only 5 to 10 pct. of the child population will learn to read well enough to read a newspaper. Even so, there's only one newspaper for every 7 literate persons.

"This basic illiteracy must be remedied before poverty, unemployment and bad living conditions are conquered," says Dr. Watson. "The size of the task is frightening and even if everyone reads and writes that isn't enough. We need scientific literacy"—an understanding of science. We need to be skeptical but willing to utilize the scientifically tested experience of others.

That we have series scientific illiteracy is evident in opposition to expenditures for education, in opposition to wildlife management, to fluoridation, and to many new techniques.

★ ★ ★

"The scientific method applies to everything from stars and atoms to mind and motivation," said Dr. Watson. "It has created the past and can build the future. The two great channels for conveying knowledge to the people, the mass media and the educational system, until recently have been at best indifferent and at worst antagonistic to science and technology. This situation has been greatly improved in recent years, but there is still much to be done. There are very few newspapers, for instance, that cover science as adequately as they do sports.

"Yet what happens in the laboratories, the clinics and the factories is big and important news for the press today. The mass media and especially the daily newspaper, which almost everyone reads, and the prime channels for the distribution of scientific information, even among the specialists of science and technology themselves.

"An important medical discovery announced by the Journal of the American Medical Association is very likely to be brought to the attention of a physician by a patient who has read about the report in his daily newspaper. This may possibly be embarrassing to the doctor, but it represents a tremendous speeding up of the distribution of information that may save lives.

"We should have special concern for the scientific content of our media, especially newspapers, because of their service to both young and old. They should carry the news of science and interpret it.

★ ★ ★

"An anti-insecticide attitude (an illness known as Carsonitis because of Rachel Carlson's 'Silent Spring') should be avoided. So also the idea that natural or "organic" fertilizers are better than those manufactured.

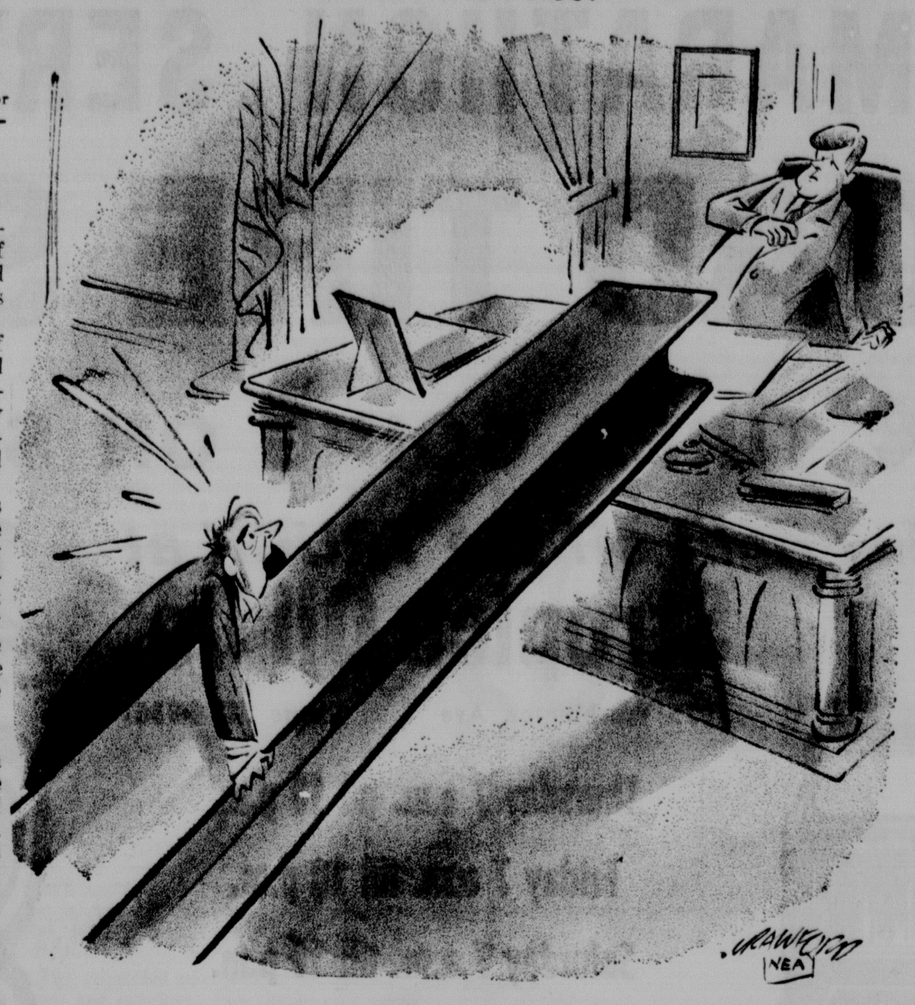

"The astounding opposition to fluoridation of water to prevent tooth decay in little children should not be supported, but opposed.

"Vaccinations and immunizations that have arrived at the status of general adoption by public health officials should be promoted so illness may be prevented and lives saved.

"Medical nostrums, food fads and dangerous and useless cosmetics should be campaigned against.

"The vicious anti-vivisection campaign should not be given publicity. If medical use of animals is hampered, development of new treatments for diseases will not be possible."

"Bobby Asked Me to Dig This One Out of the Files!"

Edson In Washington

By PETER EDSON

WASHINGTON — (NEA) — The 13-year-old medical battle that has been fought over the so-called "anticancer drug" Krebiozen is coming to a climax within the next few weeks.

The issue is whether Krebiozen, having now been found to have caused cancer regression in two out of 504 cases on which records are available, should be tested further.

On the other hand, U. S. Food and Drug Commissioner George P. Larrick has asked the drug's discoverer, Stevan Durovic, and his scientific adviser in the Krebiozen Foundation, Dr. Andrew C. Ivy, to show cause why they should not be prosecuted in criminal court.

The drug has been administered to more than 4,200 patients on payment of a $9.50 contribution for each injection ampule containing one part Krebiozen to 1,000 parts mineral oil.

Some patients are reported to have paid out thousands of dollars for treatment. The total receipts could conceivably have run into millions of dollars.

★ ★ ★

Dr. Stevan Durovic, of Yugoslav birth, developed Krebiozen from an extract of infected horse blood in the Argentine before bringing it to America. He has claimed it cost $170,000 a gram to produce.

Food and Drug Administration laboratory tests have identified Krebiozen as creatine, costing 30 cents a gram to produce, or eight cents for the amount in each injection.

The developers counter that Krebiozen is not 100 per cent creatine and that it contains an added factor not yet identified.

Food and Drug Administration field investigators collected medical records on 504 patients identified by the Krebiozen Foundation as having received treatments. FDA is now assembling information to see if there has been violation of the law.

Points covered by the investigation include the possibility of misbranding through incorrect labels, the shipment of impure or adulterated drugs not up to standard, shipment in interstate commerce of a new drug without authorization, the making of false statements as to its efficacy.

After assembling all the evidence, it will be presented to the Krebiozen distributors at an informal hearing.

A decision would then have to be made on whether the case should be referred to Department of Justice for criminal prosecution in what might be the biggest medical case in history.

★ ★ ★

The fact that a panel of 24 cancer specialists has just branded Krebiozen "ineffective as an antitumor agent" in man is not deterring Durovic and Ivy in the slightest. They are going ahead with demands for new, joint chemical analyses of Krebiozen and further clinical tests.

The Krebiozen backers base their case on a finding that natural-regression of cancer without drugs, X-ray or surgery occurs in one out of 50,000 cases. National Cancer Institute's advisory council found two cases out of the 504 reviewed in which the council says regression could be attributed to Krebiozen.

On the basis of these two cases, it is argued that Krebiozen is 200 times more effective than nature and therefore worth further research.

The whole controversy, which has raged for years, is expected to be given a public airing when two rival medical meetings are held in Washington.

The Food and Drug Administration and the American Medical Assn. are sponsoring their second National Congress on Medical Quackery at the Sheraton-Park. At the same time the National Health Federation for Maintaining Medical Freedom of Choice is sponsoring a First National Conference on Health Monopoly at the Sheraton-Carlton.

There's no difference in taste from old-fashioned kinds, but the new spaghetti gives that lip-grip that can mean the difference between aplomb and embarrassment during an Italian dinner.

The Doctor Says:

Fasting Not Recommended

By Dr. Wayne G. Brandstadt, M.D.

To fast or not to fast—that is the question a lot of persons are facing today because they have alloyed themselves to become overweight.

Over the centuries people have fasted for different reasons. Through fasting, the adherents of some religious faiths have brought themselves to the point of delirium. Other persons motivated by their religious beliefs have fasted as a penance for sins.

Gandhi used fasting as a political weapon with appreciable success, and on at least one occasion carried it almost to the point of death by starvation.

Most modern practitioners of fasting, however, do it for the sole purpose of losing weight. While an absolute fast (going without anything by mouth except water) will result in a rapid loss of weight, such an extreme or heroic measure has little to recommend it.

Those who attempt it are usually persons who have lost patience with slower methods or who find that after a half-hearted reduction of food intake on two or three days a week they weigh as much as or more than they did before. In any case, the weight lost is quickly regained.

Dr. Nevin S. Scrimshaw of the Massachusetts Institute of Technology made a study of teenagers who indulged in partial fasting (skipping meals) and found that they lost weight. But at the same time, because of failure to get a balanced diet they lowered their resistance to infectious diseases. This is an especially dangerous way for teenagers and young adults to do, because that is often the way tuberculosis gains a foothold.

In another study, in which normal volunteers were used, fasting caused a decrease in the alkaline reserve in the blood. This could lead to a type of acidosis. Another result was that the normal nitrogen balance between what was ingested as protein and what was eliminated in the sweat and urine as urea was disturbed. Nitrogen was lost and this can slow the healing of wounds or the recovery from any disease.

Other constituents of the blood to be lost while fasting are sodium, calcium and glucose. The sugar stored in the liver is released to the blood and thus rapidly depleted.

For these reasons nutritionists today do not recommend fasting. All the evidence points to the benefits of an adequate well-balanced diet with all the essential elements in quantities sufficient to maintain normal weight.

Anyone who insists on a period of fasting should consult his family doctor who will take into consideration the subject's general health, his present weight compared with the desired weight for his height, the reasons why a fast is desired, the type of fast (partial or complete), the length of the fasting period and the anticipated extent of activity during the period.

Although these would vary with the individual, the doctor would in all probability try to dissuade the patient in favor of a more rational approacr to the problem.

So They Say

Railroadmen have been rocked by the construction with tax funds of thousands of miles of superhighways, half drowned in the waters of mammoth government inland navigation projects, dizzied by the droning around our heads of thousands of government-subsized airplanes. — Daniel P. Edson In Washington

By PETER EDSON

WASHINGTON — (NEA) — The 13-year-old medical battle that has been fought over the so-called "anticancer drug" Krebiozen is coming to a climax within the next few weeks.

The issue is whether Krebiozen, having now been found to have caused cancer regression in two out of 504 cases on which records are available, should be tested further.

On the other hand, U. S. Food and Drug Commissioner George P. Larrick has asked the drug's discoverer, Stevan Durovic, and his scientific adviser in the Krebiozen Foundation, Dr. Andrew C. Ivy, to show cause why they should not be prosecuted in criminal court.

The drug has been administered to more than 4,200 patients on payment of a $9.50 contribution for each injection ampule containing one part Krebiozen to 1,000 parts mineral oil.

Some patients are reported to have paid out thousands of dollars for treatment. The total receipts could conceivably have run into millions of dollars.

★ ★ ★

Dr. Stevan Durovic, of Yugoslav birth, developed Krebiozen from an extract of infected horse blood in the Argentine before bringing it to America. He has claimed it cost $170,000 a gram to produce.

Food and Drug Administration laboratory tests have identified Krebiozen as creatine, costing 30 cents a gram to produce, or eight cents for the amount in each injection.

The developers counter that Krebiozen is not 100 per cent creatine and that it contains an added factor not yet identified.

Food and Drug Administration field investigators collected medical records on 504 patients identified by the Krebiozen Foundation as having received treatments. FDA is now assembling information to see if there has been violation of the law.

Points covered by the investigation include the possibility of misbranding through incorrect labels, the shipment of impure or adultered drugs not up to standard, shipment in interstate commerce of a new drug without authorization, the making of false statements as to its efficacy.

After assembling all the evidence, it will be presented to the Krebiozen distributors at an informal hearing.

A decision would then have to be made on whether the case should be referred to Department of Justice for criminal prosecution in what might be the biggest medical case in history.

★ ★ ★

The fact that a panel of 24 cancer specialists has just branded Krebiozen "ineffective as an antitumor agent" in man is not deterring Durovic and Ivy in the slightest. They are going ahead with demands for new, joint chemical analyses of Krebiozen and further clinical tests.

The Krebiozen backers base their case on a finding that natural-regression of cancer without drugs, X-ray or surgery occurs in one out of 50,000 cases. National Cancer Institute's advisory council found two cases out of the 504 reviewed in which the council says regression could be attributed to Krebiozen.

On the basis of these two cases, it is argued that Krebiozen is 200 times more effective than nature and therefore worth further research.

The whole controversy, which has raged for years, is expected to be given a public airing when two rival medical meetings are held in Washington.

The Food and Drug Administration and the American Medical Assn. are sponsoring their second National Congress on Medical Quackery at the Sheraton-Park. At the same time the National Health Federation for Maintaining Medical Freedom of Choice is sponsoring a First National Conference on Health Monopoly at the Sheraton-Carlton.

Ten Years Ago

The last of an Escanaba business firm that had been one of the city's biggest firms, disappeared today. It was a large sign bearing the name "Delta Hardware Co." The firm has recently been taken over by the wholesale firm of Morley-Murphy.

Mr. and Mrs. John Savola, honored residents of the Trenary community, will observe their golden wedding anniversary tomorrow.

The Russell Jensen home at Manistique was extensively damaged by fire yesterday.

Twenty Years Ago

The Postal Telegraph Co. today closed its office in Escanaba after being in operation here for more than 50 years. The Postal Telegraph Co. has been merged with the Western Union Telegraph Co.

The Rev. Karl Hammar, pastor of the Central Methodist church, returned today from Atwater, Minn., and Cumberland, Wis., where he conducted special services.

Delta County's potato queen Miss Hano Cook, 19, of Cornell township, was advanced to further honors at the Upper Peninsula Potato Show at Manistique. She was selected the Upper Peninsula queen.

The Delta Construction Co. of Escanaba was given the contract to lay a mile of paving on Highway U. S. 2 through the villages of Powers and Spalding.

Outdoor editors and writers are flocking to Blaney Park today to take notes on an innovation in the deer hunting season. A permit will be given to hunt in that area with bows and arrows a week before the regular hunting season begins. Hunting is restricted to the Blaney area.

Five new directors have been elected by the Escanaba Chamber of Commerce. They are Tom Gander, George N. Harder, T. T. Strom, William Warmington and A. J. Young.

SLIP-PROOF SPAGHETTI

NEW YORK (AP) — They're even putting safety treads on spaghetti these days.

V La Rosa & Sons, Brooklyn makers of Italian food specialties, twist spaghetti into an irregular spiral during processing by a specially developed die. There's no difference in taste from old-fashioned kinds, but the new spaghetti gives that lip-grip that can mean the difference between aplomb and embarrassment during an Italian dinner.

The Doctor Says:

Fasting Not Recommended

By Dr. Wayne G. Brandstadt, M.D.

To fast or not to fast—that is the question a lot of persons are facing today because they have alloyed themselves to become overweight.

Over the centuries people have fasted for different reasons. Through fasting, the adherents of some religious faiths have brought themselves to the point of delirium. Other persons motivated by their religious beliefs have fasted as a penance for sins.

Gandhi used fasting as a political weapon with appreciable success, and on at least one occasion carried it almost to the point of death by starvation.

Most modern practitioners of fasting, however, do it for the sole purpose of losing weight. While an absolute fast (going without anything by mouth except water) will result in a rapid loss of weight, such an extreme or heroic measure has little to recommend it.

Those who attempt it are usually persons who have lost patience with slower methods or who find that after a half-hearted reduction of food intake on two or three days a week they weigh as much as or more than they did before. In any case, the weight lost is quickly regained.

Dr. Nevin S. Scrimshaw of the Massachusetts Institute of Technology made a study of teenagers who indulged in partial fasting (skipping meals) and found that they lost weight. But at the same time, because of failure to get a balanced diet they lowered their resistance to infectious diseases. This is an especially dangerous way for teenagers and young adults to do, because that is often the way tuberculosis gains a foothold.

In another study, in which normal volunteers were used, fasting caused a decrease in the alkaline reserve in the blood. This could lead to a type of acidosis. Another result was that the normal nitrogen balance between what was ingested as protein and what was eliminated in the sweat and urine as urea was disturbed. Nitrogen was lost and this can slow the healing of wounds or the recovery from any disease.

Other constituents of the blood to be lost while fasting are sodium, calcium and glucose. The sugar stored in the liver is released to the blood and thus rapidly depleted.

For these reasons nutritionists today do not recommend fasting. All the evidence points to the benefits of an adequate well - balanced diet with all the essential elements in quantities sufficient to maintain normal weight.

Anyone who insists on a period of fasting should consult his family doctor who will take into consideration the subject's general health, his present weight compared with the desired weight for his height, the reasons why a fast is desired, the type of fast (partial or complete), the length of the fasting period and the anticipated extent of activity during the period.

Although these would vary with the individual, the doctor would in all probability try to dissuade the patient in favor of a more rational approacr to the problem.

C&NW Aims For Diversification In Manufacturing

The Chicago & North Western Railway is negotiating to acquire a midwestern manufacturing company as the first step in a planned diversification program. Ben W. Heineman, North Western chairman, said the big rail system was "looking at a number" of possibilities in this field.

The North Western would acquire the manufacturing companies by paying cash and operating them through a subsidiary, Heineman said. The "holding company" route which a number of other rail systems have used to diversify, offers no particular advantages unless the railroad company must issue stock for the acquisition, which then makes the deal subject to interstate commerce commission approval.

Hopes For Merger

Heineman said he "hoped" the Milwaukee Road would join the North Western and the Rock Island to "create an exciting new rail system." He emphasized that the "door was open" to the Milwaukee, particularly if the North Western won its bid to take control of the Rock Island system.

"The fates have bound the North Western and Milwaukee together," he said. A North Western-Rock Island combine would be "extremely harmful" to the Milwaukee, he said, adding quickly that the converse (a Milwaukee - Rock Island merger) could be disastrous to the North Western if it were left out.

Will Win Proxy Fight

In any case, he said, Union Pacific control of the Rock Island, giving the UP direct access to the prime midwestern rail "gateways" would seriously affect both the North Western and Milwaukee.

Heineman said he felt the North Western would win its proxy contest with the UP for the Rock Island. "We've had a surprisingly good response" from Rock Island shareholders to the North Western's counteroffer of cash, a fractional North Western share and a collateral trust bond, he said.

The offer, he said, boils down to whether these stockholders feel the North Western management can make good its promise of a 25 million dollar savings through merger.

The seven year record since he and his associates took control of the then faltering North Western, Heineman said, bears out this claim of future success.

Comparing the first nine months of 1956 (a good year for railroads generally) with the same period of this year, he ticked off points of gain.

North Western freight revenues now are 143 million dollars, against 137 million then; passenger revenues are 14.5 million, compared with 22 million; the North Western's 1963 net would "come close" to seven million dollars.

Passenger Losses

The North Western's passenger deficits, "without any bookkeeping shenanigans," will be about four million dollars for 1963, down from seven million last year, largely as a result of dropping unprofitable trains such as the Twin Cities and Rochester 400s.

"I marvel at the concern of sophisticated observers over passengers who don't ride the trains and the lack of concern for better freight service—the lifeblood of the economy,' Heineman said.

Railroad prospects have "never been so good" from the viewpoint of the last 30 years, he said. Prodded by competition and a "vast plant overcapacity," aggressive managements have turned railroads into a "new growth industry."

The North Western, he said, serves 95 per cent of the population of Wisconsin.

Baby Burned

ANN ARBOR (AP) — Ten-month-old Daniel Reddy, badly burned about the mouth Monday when his saliva apparently shorted an electric wall outlet on which he was sucking, was reported in fair condition today at St. Joseph Hospital. He is the son of Mr. and Mrs. William J. Reddy of Ann Arbor.

Set Meeting On Apportionment

A public hearing by the Commission on Legislative Apportionment wil be held at Marquette Dec. 2 from 10 a. m. to 1:30 p. m., it was announced today by Richard H. Austin and Wilber M. Brucker, co-chairman of the commission.

The public hearing will be attended by the full commission and staff.

The general program of the public hearings will include the following:

1. An explanation of the Constitutional sections relating to apportionment and the commission functions.

2. An explanation of any plan or plans being considered by the commission.

3. A majority of the time will be used to afford an opportunity to the public to make any comments relative to the plans or to offer suggestions which fall within the jurisdiction of the commission.

Don Pears Gets Job As Examiner

LANSING (AP) — Former House Speaker Don Pears has been appointed director of examinations and investigations for the Michigan Corporation and Securities Commission.

Pears, a former Buchanan businessman and Berrien County clerk, served 12 years in the Legislature—the last four as house speaker—before he bowed out in 1962 to make an unsuccessful try for congress.

He was defeated in the Republican primary in the fourth district.

Pears will replace Richard Terry, who resigned recently from the job.

Grand Haven Has 15-Mile Limit For Halloween

GRAND HAVEN (AP) — A 15 mile an hour speed limit, rather than a curfew for the trick-or-treat set, has been established for the after - dark hours of Halloween night in Grand Haven.

Action was taken Monday night by the City Council after a discussion on the merits of a curfew in view of an area trend to make the evening safer and cut down on vandalism.

Police Chief Richard Klempel, who opposed a curfew, will increase the city police force with deputies to guard against vandalism and enforce the speed restrictions.

MEDICS FIND WAY TO CONQUER SMOKING

NEW YORK: The American Cancer Society states: In 1962, 41,282 men and women died of lung cancer which was conclusively linked to excessive smoking. Heart disease was another big killer, and here again cigarette smoking was found to be the culprit.

Doctors and psychiatrists on the Medical Advisory Board of the National Council on Smoking and Health have developed a completely new method and pill to help smokers give up the habit.

Now the National Council's own medically approved method is described in a report free to smokers who are alert to the dangers of smoking. Send your name and address to: The National Council on Smoking and Health — Pept. H01K1, 225 East 46th Street, New York 17, N. Y. (Adv.)

Mother Of 16, Never Married, Faces Charges

MUSKEGON (AP) — A warrant charging child neglect was authorized Tuesday against Harriet Williams, 35, of Muskegon Heights, who, authorities say, is the mother of 16 illegitimate children.

She places the number at 17.

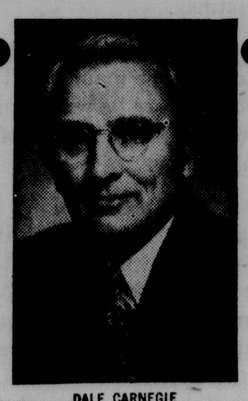

Never married, the woman has received nearly $30,000 in various forms of welfare payment since 1950 but was cut off from aid to dependent children approximately 10 years ago.

Housing Inspections Chief Vern Wheeler and Probation Officer John Thompson quote her as saying "I was put on this earth to have children." Thompson also says she never fails to attend any public school function involving her children.

The housing inspectors report that the eight others, ranging in age from six to 15 years, live with the mother in a condemned, one-story house in a Muskegon Heights blighted area. The house has no electricity, no heat, no bathtub, no sink nor wash basin and only "marginal" sanitary facilities, inspectors say.

The warrant for child neglect was seen as the first step to make her children wards of Probate Court.

Knox Asks Check On Fish 'Scare'

Rep. Victor A. Knox (R-Mich.) has called for an investigation of the handling of the current botulism problem by the Food and Drug Administration. Knox said he was particularly concerned with needlessly harmful effects on the Great Lakes area fishing industry.

"While I am deeply concerned about the recent rash of deaths caused by botulism virus attributed to smoked fish from the Great Lakes area, I feel that the Food and Drug Administration has needlessly caused American consumers to suspect all fish from the Great Lakes area," Knox said. "This was caused by an FDA release last weekend cautioning consumers not to buy or eat fish from the Great Lakes area. Unfortunately, the release evidently was not clear as to what type of fish are involved, nor was it clear on whether only smoked fish was involved or whether fresh and frozen were too."

"The results have been immediate and needlessly harmful," Knox continued. "The entire Great Lakes fishing industry has nearly ground to a halt. The disastrous economic effects on the people of the Great Lakes region through this unnecessary and uncalled for 'scare' technique by the Food and Drug Administration may well be far forse than the cranberry 'scare' of a few years ago."

"Therefore," Knox said, "unless the FDA comes forth with an immediate clarification of its order, I have requested the Government Operations Committee, through a subcommittee with full jurisdiction over matters dealing with consumer products, to begin an immediate investigation of the FDA's handling of this whole affair."

Briefly Told

Class of 1954 will meet tonight at 8 o'clock at the home of Gerald DeShambo, 1908 S. 8th Ave.

An immunization clinic will be held Friday from 2 to 4 p.m. at the County Building.

Farm Machinery Tax Exemption Asked By Perras

Rep. Clifford Perras of Nadeau (R-Menominee-Dickinson) and Rep. Spencer has introduced a bill in the Legislature which Perras says "We feel is a start in getting some of the tax load off the farmers in our area.

"They are, we feel, overly taxed on personal property, especially in the area of machinery they use for just a fraction of the year. We did not give any relief to business in this bill because we feel that the repeal of the Business Activities Tax, proposed in the Governor's tax reform, will give them relief. We are hopeful that this will be passed this year, and we will continue to work toward that end.

The Perras - Spencer bill would amend the general property tax act to exempt farm tools, farm equipment and farm stock to the value of $2,500 as State equalized, actually used in agricultural operations. The present exemption ceiling is $1,000.

The amendment would strike from the act exemption of "all mules, horses and cattle not over 1 year old and all sheep and swine not over 6 months old."

Diamond Jubilee At St. George's

Msgr. J. J. Dunleavy

BARK RIVER—St. George Catholic Church in Bark River is observing its 75th anniversary this year with a Diamond Jubilee dinner Sunday, Nov. 3. A more formal celebration will be held in 1964.

The first Catholic church in Bark River dates back to 1888. It was erected as a result of a donation from the late George Douglas, and was named St. George Church after his patron saint. The first resident pastor was Rev. Fr. Sperlein, assigned in 1894, and the recaory was built during his first year at Bark River.

When the first school was built in 1880 it was used as a church by the Catholics of the community until the church was built in 1888. Prior to that Masses were said in the George Langsigne home, the largest home in Bark River at the time.

The first church burned March 9, 1931, and the cornerstone of the present church was laid November 8, 1931. Dedication was on July 31, 1932.

The trustees in 1888 were George W. Douglas, Seraphim Belanger, Maurice Flynn and Michael B. Harris.

Resident pastors who have served were: Reverends F. Sperlein, 1894-95; J. Burns, 1895-97; Paul Datien, 1897-98; Matthias Jodocy, 1898-1900; James Corcoran, 1900-05; William B. Stahl, 1905-17; W. William Geers, 1917-23; D. Joseph Breault, 1923-40; Neil M. Stehlin, 1940-52; Joseph J. Dunleavy since 1952.

Rev. Dunleavy, since 1948, spiritual moderator of the Marquette Diocesan Council of Catholic Women and Officialis of the Diocesan Matrimonial Court, was named a Domestic Prelate with the title of Right Rev. Monsignor in 1959.

Two young men of the parish have been ordained priests, Fr. Marian Douglas, O. F. M., who was ordained June 11, 1957 and Rr. Leslie Borman, June 2, 1962. Both will be present to offer Masses Sunday.

First National Bank Christmas Club Savers soon to get checks ...plus bonus gift of Gold Bond Stamps

First National of Escanaba will soon mail to their Christmas Club savers Christmas Club savings checks totaling thousands of dollars.

As a bonus, and First National is the only bank in Escanaba that demonstrates its appreciation so, each Christmas Club saver who completes his savings program will receive an extra gift of valuable Gold Bond stamps. This, of course, is in addition to the Gold Bond stamp gift which each saver gets when opening a First National Christmas Club account.

Cash at Christmastime is a mighty nice thing; nice to have to spend, nice for our merchants in town who benefit from this extra flow of money at Christmas time. It is just as rewarding for the staff at First National who take pride in the role they play helping others, helping the community to have a merrier Christmas.

So to you First National-savers watch for the mailman. It won't be long before he will bring your check and bonus gift of Gold Bond stamps.

As for those who don't have a Christmas Club account at First National, we would like to mail you our check next year. Please stop in and open an account the first chance you get. Ask any of the officers or tellers. They can all help you. Don't forget, of course, to pick up your bonus gift of Gold Bond stamps when you do.

Here is a tip to all Christmas Club savers who save at First National. Better check to see if your account is up to date.

Knox Asks Check On Fish 'Scare'

Rep. Victor A. Knox (R-Mich.) has called for an investigation of the handling of the current botulism problem by the Food and Drug Administration. Knox said he was particularly concerned with needlessly harmful effects on the Great Lakes area fishing industry.

"While I am deeply concerned about the recent rash of deaths caused by botulism virus attributed to smoked fish from the Great Lakes area, I feel that the Food and Drug Administration has needlessly caused American consumers to suspect all fish from the Great Lakes area," Knox said. "This was caused by an FDA release last weekend cautioning consumers not to buy or eat fish from the Great Lakes area. Unfortunately, the release evidently was not clear as to what type of fish are involved, nor was it clear on whether only smoked fish was involved or whether fresh and frozen were too."

"The results have been immediate and needlessly harmful," Knox continued. "The entire Great Lakes fishing industry has nearly ground to a halt. The disastrous economic effects on the people of the Great Lakes region through this unnecessary and uncalled for 'scare' technique by the Food and Drug Administration may well be far forse than the cranberry 'scare' of a few years ago."

"Therefore," Knox said, "unless the FDA comes forth with an immediate clarification of its order, I have requested the Government Operations Committee, through a subcommittee with full jurisdiction over matters dealing with consumer products, to begin an immediate investigation of the FDA's handling of this whole affair."

First National Bank Christmas Club Savers soon to get checks ...plus bonus gift of Gold Bond Stamps

First National of Escanaba will soon mail to their Christmas Club savers Christmas Club savings checks totaling thousands of dollars.

As a bonus, and First National is the only bank in Escanaba that demonstrates its appreciation so, each Christmas Club saver who completes his savings program will receive an extra gift of valuable Gold Bond stamps. This, of course, is in addition to the Gold Bond stamp gift which each saver gets when opening a First National Christmas Club account.

Cash at Christmastime is a mighty nice thing; nice to have to spend, nice for our merchants in town who benefit from this extra flow of money at Christmas time. It is just as rewarding for the staff at First National who take pride in the role they play helping others, helping the community to have a merrier Christmas.

So to you First National-savers watch for the mailman. It won't be long before he will bring your check and bonus gift of Gold Bond stamps.

As for those who don't have a Christmas Club account at First National, we would like to mail you our check next year. Please stop in and open an account the first chance you get. Ask any of the officers or tellers. They can all help you. Don't forget, of course, to pick up your bonus gift of Gold Bond stamps when you do.

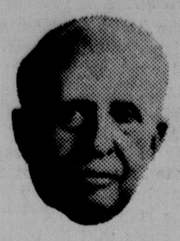

Here is a tip to all Christmas Club savers who save at First National. Better check to see if your account is up to date.

All Saints Day Masses Are Set

Friday is the Feast of All Saints and a Holy Day of Obligation for all Catholics. Masses in St. Francis de Sales Church will be at 6, 8 and 11:40 a. m., and 7:30 p. m.

Confessions will be heard Thursday from 4-5 and 7-8 p. m. Because the Feast falls on a Friday, Catholics are exempt from the usual law of abstinence on this day.

Mass at Divine Infant of Prague Church in Gulliver will be offered Friday at 7:30 p. m., with Confessions before the Mass.

Saturday is All Souls Day. The Month of November is dedicated to special prayer for the deceased. Saturday Masses are at 7, 8 and 8:30 a. m. catechetical instructions for all young people afterwards.

Altar Society

St. Anne's Altar Society meets Thursday at 8 p. m., in the parish hall. Final plans for the harvest dinner and bazaar will be made. The event is scheduled in the K-C hall Sunday, Nov. 3, with serving from 2 to 6 p. m. for the smorgasbord. Booths containing homemade aprons, fancy work, canned goods, candy, religious items will be available.

Role Of Mary May Be Revised

By GERALD I. MILLER
Associated Press Staff Writer

VATICAN CITY (AP) — The Vatican Ecumenical Council deemphasized its consideration of the Virgin Mary Tuesday, voting narrowly to incorporate a separate document concerning her in a large schema on the Roman Catholic Church as a whole.

The action is expected to have wide implications for efforts to promote Chiristian unity. Protestants often have criticized Roman Catholic emphasis on Mary.

In another major action, the council approved a document endorsing efforts to work out an international perpetual calendar and a fixed date for Easter. The vote was 2,154 in favor, 21 against, and 16 in favor with reservations. Two ballots were null.

The vote on Mary was closer. A council spokesman said 1,114 prelates voted to incorporate consideration of the Virgin's place in Catholic theology in a broad schema or topic on the nature of the Church, while 1,074 voted to consider a separate schema on Mary.

Two council fathers voted for incorporation with reservations, and three ballots were blank.

It was one of the closest votes in the council since the assembly of 2,300 prelates opened more than a year ago. Council decisions usually require a two-thirds majority, but the action today was considered procedural and required only a majority of the 2,193 prelates voting, or 1,097 votes.

As a result of the vote, the Marian topic will become a chapter in the theological schema "De Ecclesia," which the council has been debating for the past month. "De Ecclesia" examines the nature and structure of the Roman Catholic Church.

At the heart of the matter is the highly controversial question of whether the role of the mother of Christ has been overemphasized in Roman Catholic theology.

Some of the delegates feel a separate schema might put undue emphasis on Mary and distort her role in the church. This group holds that by making the Marian document part of a larger topic on the nature of the Church, the council could improve relations with Protestants.

She stumbled over the head of a lion-skin rug and hurt her toe on one of the teeth of its open mouth.

Family Budget Not Upset Yet

WASHINGTON (AP)—Housewives, relax—for the time being anyway.

The government's economists see no danger that the autumn outbreak of price boosts in a dozen industries will unbalance the family budget.

Increases on items ranging from steel and aluminum to carpets and black pepper—was followed — perhaps by coincidence—by revival of a New York federal grand jury probe into steel-pricing policies.

Coincidental or not, that Justice Department move underscored President Kennedy's warning that Uncle Sam is "Watching with concern" any price trend that might start an inflationary spiral.

Kennedy's Consumer Advisory Council, set up last year to give consumers a lobby in Washington, announced a special study of recent increases in steel, electrical equipment, aluminum and chemicals.

The council said it wants to find out whether the increases appear to be justified from the consumer point of view."

Arnold E. Chase, price chief for the Bureau of Labor Statistics, told an interviewer:

"The wholesale price index for October may show a decline instead of an increase."

The increases on several steel products, even if passed all along the line to sonsumers, will be like those of last spring, Chase predicted: a few dollars on a car or tractor, a few dimes on a washer or refrigerator, but no measurable impact on the over-all cost of living.

Council Buys Police Car

The Manistique City Council after long discussion Monday night accepted the bid of Hollenbeck Motor Sales to provide a 1964 Plymouth police car at net cost of $1,441.

The Hollenbeck bid was second lowest of those bidding on specifications supplied by the city manager. Four bids were received, with bidders asked to submit a second bid on a V8 engine, which used regular gasoline. The car is a specially built police model. Delivery is scheduled in 30 days.

Council had only three members present Monday night, with Harold Carlson and Lawrence Boyd absent.

The Council voted to approve granting of a Class C and SDM license for the Black Augus Steak House, formerly Paul Bunyan's, from Frank Kerr to Gerald D. Callihan, who operates Cut River Inn near Epoufette.

A petition for a street light in the middle of the 100 block of N. 4th St., was referred to the manager for study and report. An amendment has been asked to the cemetery ordinance to permit sale of lots in a certain section to the county welfare department without including perpertual care cost.

The new county plat book will contain a map of the city, the manager reported. Purchase of an advertisement in it was deferred.

The city manager reported acceptances had been received on appointment to the Armory Planning Commission, which met after the Council meeting and elected Raymond Hughson, chairman, Ronald Patrick, secretary and John Moffat, assistant secretary. At the next meeting, Nov. 25, an architect will be invited for an interview. Plans for size of the new armory-civic building and committee responsibilities for it were discussed. Of 18 members named to the committee, 16 were present Monday night, with the two out-of-town Councilmen the only ones absent.

National Guard 46th Infantry Has Anniversary

Company D of the National Guard here will join with other units in the state in marking the 17th anniversary of the 46th Infantry Division Nov. 18. Many of the 119 units in 55 communities plan parties and open houses to celebrate the occasion.

The Manistique company invites all men between 17 and 36 both veterans and those without prior military service, to visit the unit. It placed second in the division for the work at summer cam pthis year. Capt John Paul Quick is its commanding officer.

The history of the National Guard predates founding of the country since in 1636 the original Minute Men were organized, as the 182nd Regiment Combat Team of Massachusetts. Since, the Guard has had the longest continuous history of any military organization in the United States. Guard units and their predecessors have been engaged in every conflict which the U. S. has been forced to fight.

The history of the Guard in Michigan dates prior to origin of the state. In World War II, Michigan was represented by 8,296 Guardsmen called into federal service. Michigan units, with total strength of 2,742 officers and men served with distinction at home an dabroad during the Korean emergency also For the recent Berlin crisis, Michigan's 156th Signal Battalion, totalling more than 500 officers and men was mobilized.

Plan Halloween Party Thursday

A Halloween party for all fourth, fifth and sixth grade pupils of city schools will be held Thursday from 6:30 to 8:30 p. m., in the VFW Hall. The party, sponsored by the Veterans of Foreign Wars, will include a movie program of cartoons and adventure films. There will be free pop corn, ice cream and candy. Children may come masked and in costume if they wish. Several surprise features will he included.

Company D of the National Guard here will join with other units in the state in marking the 17th anniversary of the 46th Infantry Division Nov. 18. Many of the 119 units in 55 communities plan parties and open houses to celebrate the occasion.

The Manistique company invites all men between 17 and 36 both veterans and those without prior military service, to visit the unit. It placed second in the division for the work at summer cam pthis year. Capt John Paul Quick is its commanding officer.

The history of the National Guard predates founding of the country since in 1636 the original Minute Men were organized, as the 182nd Regiment Combat Team of Massachusetts. Since, the Guard has had the longest continuous history of any military organization in the United States. Guard units and their predecessors have been engaged in every conflict which the U. S. has been forced to fight.

The history of the Guard in Michigan dates prior to origin of the state. In World War II, Michigan was represented by 8,296 Guardsmen called into federal service. Michigan units, with total strength of 2,742 officers and men served with distinction at home an dabroad during the Korean emergency also For the recent Berlin crisis, Michigan's 156th Signal Battalion, totalling more than 500 officers and men was mobilized.

Plan Halloween Party Thursday

A Halloween party for all fourth, fifth and sixth grade pupils of city schools will be held Thursday from 6:30 to 8:30 p. m., in the VFW Hall. The party, sponsored by the Veterans of Foreign Wars, will include a movie program of cartoons and adventure films. There will be free pop corn, ice cream and candy. Children may come masked and in costume if they wish. Several surprise features will he included.

Role Of Mary May Be Revised

By GERALD I. MILLER
Associated Press Staff Writer

VATICAN CITY (AP) — The Vatican Ecumenical Council deemphasized its consideration of the Virgin Mary Tuesday, voting narrowly to incorporate a separate document concerning her in a large schema on the Roman Catholic Church as a whole.

The action is expected to have wide implications for efforts to promote Chiristian unity. Protestants often have criticized Roman Catholic emphasis on Mary.

In another major action, the council approved a document endorsing efforts to work out an international perpetual calendar and a fixed date for Easter. The vote was 2,154 in favor, 21 against, and 16 in favor with reservations. Two ballots were null.

The vote on Mary was closer. A council spokesman said 1,114 prelates voted to incorporate consideration of the Virgin's place in Catholic theology in a broad schema or topic on the nature of the Church, while 1,074 voted to consider a separate schema on Mary.

Two council fathers voted for incorporation with reservations, and three ballots were blank.

It was one of the closest votes in the council since the assembly of 2,300 prelates opened more than a year ago. Council decisions usually require a two-thirds majority, but the action today was considered procedural and required only a majority of the 2,193 prelates voting, or 1,097 votes.

As a result of the vote, the Marian topic will become a chapter in the theological schema "De Ecclesia," which the council has been debating for the past month. "De Ecclesia" examines the nature and structure of the Roman Catholic Church.

At the heart of the matter is the highly controversial question of whether the role of the mother of Christ has been overemphasized in Roman Catholic theology.

Some of the delegates feel a separate schema might put undue emphasis on Mary and distort her role in the church. This group holds that by making the Marian document part of a larger topic on the nature of the Church, the council could improve relations with Protestants.

WITH ONE TOOTH

LAKELAND, Fla. (AP)—Mrs. Jim Wellman didn't stretch the truth too much when she told friends she'd been bitten by a lion.

She stumbled over the head of a lion-skin rug and hurt her toe on one of the teeth of its open mouth.

Family Budget Not Upset Yet

WASHINGTON (AP)—Housewives, relax—for the time being anyway.

The government's economists see no danger that the autumn outbreak of price boosts in a dozen industries will unbalance the family budget.

Increases on items ranging from steel and aluminum to carpets and black pepper—was followed — perhaps by coincidence—by revival of a New York federal grand jury probe into steel-pricing policies.

Coincidental or not, that Justice Department move underscored President Kennedy's warning that Uncle Sam is "Watching with concern" any price trend that might start an inflationary spiral.

Kennedy's Consumer Advisory Council, set up last year to give consumers a lobby in Washington, announced a special study of recent increases in steel, electrical equipment, aluminum and chemicals.

The council said it wants to find out whether the increases appear to be justified from the consumer point of view."

Arnold E. Chase, price chief for the Bureau of Labor Statistics, told an interviewer:

"The wholesale price index for October may show a decline instead of an increase."

The increases on several steel products, even if passed all along the line to sonsumers, will be like those of last spring, Chase predicted: a few dollars on a car or tractor, a few dimes on a washer or refrigerator, but no measurable impact on the over-all cost of living.

Gyroplanes can be airborne at speeds as low as 25 miles an hour or fly as fast as 75 miles an hour.

Auto Industry Profits Zoom

NEW YORK (AP)—Dazzling profit figures are sprouting from the dizzy production and sales pact set by Detroit's automakers.

They gave promise of warming the hearts—and palms—of stockholders, including the more than one million of the General Motors Corp.

Of the "Big Three" automakers, only Ford Motor Co. remained today to be heard from following GM's report of all-time high earnings and dollar sales in the nine months ended Sept. 30.

Chrysler Corp. last week unfolded another financial chapter in its spectacular. Directors promptly voted a 2-for-1 stock split, the second in less than a year, and in effect doubled the dividend.

GM's pattern of rewarding its shareholders — whether by more liberal dividend treatment or possibly a stock split—will be decided when directors meet Monday in New York.

In the first nine months, GM cleared $1,086,000,000, or $3.79 a common stock share, on unprecedented sales of $11,681,000,000.

The results suggested strongly that GM was on the way to shattering 1962's records for a full year of $1,459,000,000 in earnings and $14,640,000,000 in sales, levels unequaled by any manufacturing corporation.

The nine-month figures compared with $962 million, or $3.36 a share, cleared in the comparable 1962 period, on sales of $10,451,000,000.

Wall Street has been alive with speculation over what GM directors will do next week. Many traders and brokers looked at least for a rise in the regular dividend rate, pegged at 50 cents a quarter since 1956, or a fat yearend extra.

Some held hope of a stock split. GM last divided its shares in 1955 on a 3-for-1 basis, and before that split 2-for-1 in October 1950.

Forty Hours At Garden Will Open Sunday

GARDEN — Father James Donnelly has announced that Forty Hours Devotions will be held at St. John's Church, Garden, beginning at 11 a. m. Mass Sunday, Nov. 3.

Adoration of the Blessed Sacrament will be continuous from Sunday morning until Monday evening. The men of the parish will keep the vigil during the night Sunday.

Guest speaker for evening devotions will be the Rev. William Richards of St. Anne's parish, Escanaba. The Sunday evening service will be at 7:30 and the closing of the Forty Hours will begin with a Mass at 5:30 p. m. Monday.

Junior Rifle Club Meeting At Bark River

BARK RIVER — Six new members were enrolled in to the Bark River Junior Rifle Club at the business meeting held in the Community Hall. They are Robert Robinette, Rosemary Wojakowski, Regina Meyers, Sherry DeBen, Gary Berquist and Carol Arkens. Twenty-three members were in attendance.

Ray Meyers, marksmanship instructor, entered three teams in the URA National Junior Club Postal Team Match. There will be from five to ten on each team for the four monthly matches. Each member must fire one target per month from November through February. Targets are sent to the National Rifle Association in Washington, D. C. for scoring. Team 1 in Class C—Nonscholastic Match must fire 10 shots prone, 50 feet, as will Division E—Girls Match. Entered in Team 1 are Larry Arkens, Tom Olson, Brian Adams, Herbert Peterson, Dennis Porath, James Potvin, Richard Teal, Dale Wojakowski, Allen Richer, Jerry Olson.

In Team 2, Division C, are Richard Ault, Gary Berquist, Andrew Barr, Jr., James Butryn, Dale Derouin, James Frossard, Dennis Hanson, Daniel Krause, Kenneth Langtagne, Daniel LeBeau.

In the Girls Division E are Carol Arkens, Suzanne DeBen, Kerry Langlois, Regina Meyers, Karen VanEnkevort, Bonnie Rae Meyers, and Sherry DeBen.

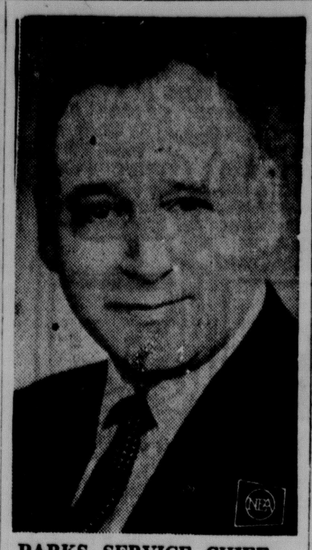

Instructor Ray Meyers issued a promarksman Medal to Kerry Langlois; Marksmanship 1st class to James Butryn; Sharpshooter 4th bar, Brian Adams; sharpshooter 6th bar to Bonnie Rae Meyers.

The club purchased a 5½ number rifle to be used by the 12 and 13 year olds as the heavier rifles gave them a little trouble. The guest prize of 50 rounds of ammunition went this month to James Butryn and last month to Andrew Barr, Jr. Edward LeBeau assisted Meyers. A movie "Bear and Hound Music" was shown by Tom Olson.

Kent Airport Ready Nov. 23

GRAND RAPIDS (AP) — Airline traffic will be able to use Kent County's new $7 million airport starting at midnight Nov. 23, the County Aeronautics Board announced. Formal dedication is scheduled June, 6, 1964.

The new field in southeast suburban Cascade Township some 12 miles from Grand Rapids has been under construction approximately 2 ½ years. It is replacing the present airport which is located just outside the city's southern boundaries.

PARKS SERVICE CHIEF—George B. Hartzog Jr. steps up from associate director to director of the National Park Service, with resignation of Conrad L. Wirth, director for more than a decade. Hartzog began his park service career in Chicago, in 1946.

Color Photos Sought For Use In Tour Folder

The Escanaba Chamber of Commerce requests colored slides or transparencies from local photographers for use in its all-Escanaba tourist folder.

"For the first time in a number of years," Chamber manager Walter Lewke said today, "the Escanaba Chamber of Commerce will have an all-Escanaba tourist folder for distribution at travel shows, state highway information lodges, AAA travel bureaus, Chambers of Commerce for for use in direct mail inquiries. Fifty thousand copies of the brochure will be printed and ready for use the first of the year."

Color transparencies or slides in the following categories are sought: Golfing, fishing, hunting, Escanaba bathing beach, Escanaba ore dock, boating, yacht basin, fall color, wildlife, municipal dock, Pioneer Trail Park camp area.

The transparencies should be identified with the owner's name so that they may be returned and it is suggested that they be submitted in person to the Chamber office if possible.

With Minority

WASHINGTON (AP) — Rep. Lucien Ndezi, D-Mich., voted with the minority Tuesday when the House Armed Services Committee approved, 22 to 8, a bill setting a single four-year for members of the Joint Chiefs of Staff.

Perkins Carnival At High School Thursday Night

PERKINS — The annual Halloween Carnival will be held at Perkins High School Thursday, Oct. 31, at 7:30 p.m.

The seniors are in charge of the lunch, fish pond, B-B gun shot, and movies; juniors, secord throw, cake-walk, and spook house; sophomores, Bozo, the Clown, basketball throw and ball toss; freshmen, jail, sponge throw and cane toss; 8th grade, dart throw, bowling and apple-bob; 7th grade, brab bag, ring toss; and candle blow.

The cheerleaders will handle the Coke stand and will sponsor a record dance to be held immediately at the close of the carnival. The dance will end at 11 p.m. The cheerleaders are working to get new outfits for the coming basketball season.

Senior Class Play

The senior class play, "The Adventures of Tom Sawyer" under the direction of David Lindstrom, will be presented at Perkins High School Wednesday evening, Nov. 13.

Exchange Of Plays

Rapid River junior class presented its class play to the students of Perkins School Oct. 25 at 1 p.m. The play, "Rocket in His Pocket," and was well received. Perkins senior class will present its play at Rapid River at a future date.

Home for the weekend from College of Mining and Technology at Houghton was Tim Barron who visited his mother, Mrs. Mary Barron.

Mr. and Mrs. L. H. DeWitt and son, Jon, of Mundelein, Ill., were Sunday guests at the home of Mr. and Mrs. Raymond LeClaire. Mrs. DeWitt is the former Betty LeClaire, daughter of the late Jerry LeClaire.

Miss Luella Sharkey of Milwaukee spent the weekend visiting with her mother, Mrs. Napoleon Sharkey.

Completes Tour Of Duty

Richard Ferrier, son of Mr. and Mrs. Careld Ferrier, has arrived home after being discharged from the U. S. Navy at San Diego. Richard was a hospital corpsman on the USS Kittyhawk, aircraft carrier, and has been touring the West Pacific near Japan and the Philippines for the past two and a half years. He was on the Kittyhawk on its maiden voyage and remained on it until his discharge. Richard plans on entering Bay de Noc Community College in the near future.

Federal Deficit To Be 9 Billion

WASHINGTON (AP) — The Treasury told Congress Tuesday the budget outlook has improved by almost $3 billion. Yet it asked that the national debt limit be raised from $309 billion to $315 billion through June 30.

Secretary Douglas Dillon testified before the House Ways and Means Committee that the present outlook is for a $9-billion deficit for the government year that began July 1 instead of the $11.9-billion deficit President Kennedy forecast in January.

Dillon said it now appears that tax revenues will be $1.9 billion more than was estimated in January.

Dillon faced critical questioning by Republican members about the need for a higher debt ceiling. GOP leaders, pressing a campaign against thwat they call the administration's extravagance, have said they may try to block any immediate increase.

But Dillon said, "I cannot contemplate any lower debt limit" than $315 billion. "The risks are simply too great," he added. The government, in most recent years, has had to borrow money to pay its bills because spending outstripped revenues.

Dillon said the debt stands today at $307.4 billion and that it will reach $308 billion by mid-November. If Congress does not act by Nov. 30, the debt limit drops automatically to $285 billion.

While figures submitted by Dillon and Budget Director Kermit Gordon showed some spending cuts by the administration, Dillon credited most of the budget improvement to action by Congress and business gains.

NEW YORK (AP)—Dazzling profit figures are sprouting from the dizzy production and sales pact set by Detroit's automakers.

They gave promise of warming the hearts—and palms—of stockholders, including the more than one million of the General Motors Corp.

Of the "Big Three" automakers, only Ford Motor Co. remained today to be heard from following GM's report of all-time high earnings and dollar sales in the nine months ended Sept. 30.

Chrysler Corp. last week unfolded another financial chapter in its spectacular. Directors promptly voted a 2-for-1 stock split, the second in less than a year, and in effect doubled the dividend.

GM's pattern of rewarding its shareholders — whether by more liberal dividend treatment or possibly a stock split—will be decided when directors meet Monday in New York.

In the first nine months, GM cleared $1,086,000,000, or $3.79 a common stock share, on unprecedented sales of $11,681,000,000.

The results suggested strongly that GM was on the way to shattering 1962's records for a full year of $1,459,000,000 in earnings and $14,640,000,000 in sales, levels unequaled by any manufacturing corporation.

The nine-month figures compared with $962 million, or $3.36 a share, cleared in the comparable 1962 period, on sales of $10,451,000,000.

Wall Street has been alive with speculation over what GM directors will do next week. Many traders and brokers looked at least for a rise in the regular dividend rate, pegged at 50 cents a quarter since 1956, or a fat yearend extra.

Some held hope of a stock split. GM last divided its shares in 1955 on a 3-for-1 basis, and before that split 2-for-1 in October 1950.

Forty Hours At Garden Will Open Sunday

GARDEN — Father James Donnelly has announced that Forty Hours Devotions will be held at St. John's Church, Garden, beginning at 11 a. m. Mass Sunday, Nov. 3.

Adoration of the Blessed Sacrament will be continuous from Sunday morning until Monday evening. The men of the parish will keep the vigil during the night Sunday.

Guest speaker for evening devotions will be the Rev. William Richards of St. Anne's parish, Escanaba. The Sunday evening service will be at 7:30 and the closing of the Forty Hours will begin with a Mass at 5:30 p. m. Monday.

Junior Rifle Club Meeting At Bark River

BARK RIVER — Six new members were enrolled in to the Bark River Junior Rifle Club at the business meeting held in the Community Hall. They are Robert Robinette, Rosemary Wojakowski, Regina Meyers, Sherry DeBen, Gary Berquist and Carol Arkens. Twenty-three members were in attendance.

Ray Meyers, marksmanship instructor, entered three teams in the URA National Junior Club Postal Team Match. There will be from five to ten on each team for the four monthly matches. Each member must fire one target per month from November through February. Targets are sent to the National Rifle Association in Washington, D. C. for scoring. Team 1 in Class C—Non-scholastic Match must fire 10 shots prone, 50 feet, as will Division E—Girls Match. Entered in Team 1 are Larry Arkens, Tom Olson, Brian Adams, Herbert Peterson, Dennis Porath, James Potvin, Richard Teal, Dale Wojakowski, Allen Richer, Jerry Olson.

In Team 2, Division C, are Richard Ault, Gary Berquist, Andrew Barr, Jr., James Butryn, Dale Derouin, James Frossard, Dennis Hanson, Daniel Krause, Kenneth Langtagne, Daniel LeBeau.

In the Girls Division E are Carol Arkens, Suzanne DeBen, Kerry Langlois, Regina Meyers, Karen VanEnkevort, Bonnie Rae Meyers, and Sherry DeBen.

Instructor Ray Meyers issued a promarksman Medal to Kerry Langlois; Marksmanship 1st class to James Butryn; Sharpshooter 4th bar, Brian Adams; sharpshooter 6th bar to Bonnie Rae Meyers.

The club purchased a 5½ number rifle to be used by the 12 and 13 year olds as the heavier rifles gave them a little trouble. The guest prize of 50 rounds of ammunition went this month to James Butryn and last month to Andrew Barr, Jr. Edward LeBeau assisted Meyers. A movie "Bear and Hound Music" was shown by Tom Olson.

Kent Airport Ready Nov. 23

GRAND RAPIDS (AP) — Airline traffic will be able to use Kent County's new $7 million airport starting at midnight Nov. 23, the County Aeronautics Board announced. Formal dedication is scheduled June, 6, 1964.

The new field in southeast suburban Cascade Township some 12 miles from Grand Rapids has been under construction approximately 2 ½ years. It is replacing the present airport which is located just outside the city's southern boundaries.

PARKS SERVICE CHIEF—George B. Hartzog Jr. steps up from associate director to director of the National Park Service, with resignation of Conrad L. Wirth, director for more than a decade. Hartzog began his park service career in Chicago, in 1946.

Color Photos Sought For Use In Tour Folder

The Escanaba Chamber of Commerce requests colored slides or transparencies from local photographers for use in its all-Escanaba tourist folder.

"For the first time in a number of years," Chamber manager Walter Lewke said today, "the Escanaba Chamber of Commerce will have an all-Escanaba tourist folder for distribution at travel shows, state highway information lodges, AAA travel bureaus, Chambers of Commerce for for use in direct mail inquiries. Fifty thousand copies of the brochure will be printed and ready for use the first of the year."

Color transparencies or slides in the following categories are sought: Golfing, fishing, hunting, Escanaba bathing beach, Escanaba ore dock, boating, yacht basin, fall color, wildlife, municipal dock, Pioneer Trail Park camp area.

The transparencies should be identified with the owner's name so that they may be returned and it is suggested that they be submitted in person to the Chamber office if possible.

With Minority

WASHINGTON (AP) — Rep. Lucien Ndezi, D-Mich., voted with the minority Tuesday when the House Armed Services Committee approved, 22 to 8, a bill setting a single four-year for members of the Joint Chiefs of Staff.

Original draft of Lincoln's Emancipation Proclamation is owned by the State of New York.

Perkins Carnival At High School Thursday Night

PERKINS — The annual Halloween Carnival will be held at Perkins High School Thursday, Oct. 31, at 7:30 p.m.

The seniors are in charge of the lunch, fish pond, B-B gun shot, and movies; juniors, secord throw, cake-walk, and spook house; sophomores, Bozo, the Clown, basketball throw and ball toss; freshmen, jail, sponge throw and cane toss; 8th grade, dart throw, bowling and apple-bob; 7th grade, brab bag, ring toss; and candle blow.

The cheerleaders will handle the Coke stand and will sponsor a record dance to be held immediately at the close of the carnival. The dance will end at 11 p.m. The cheerleaders are working to get new outfits for the coming basketball season.

Senior Class Play

The senior class play, "The Adventures of Tom Sawyer" under the direction of David Lindstrom, will be presented at Perkins High School Wednesday evening, Nov. 13.

Exchange Of Plays

Rapid River junior class presented its class play to the students of Perkins School Oct. 25 at 1 p.m. The play, "Rocket in His Pocket," and was well received. Perkins senior class will present its play at Rapid River at a future date.

Home for the weekend from College of Mining and Technology at Houghton was Tim Barron who visited his mother, Mrs. Mary Barron.

Mr. and Mrs. L. H. DeWitt and son, Jon, of Mundelein, Ill., were Sunday guests at the home of Mr. and Mrs. Raymond LeClaire. Mrs. DeWitt is the former Betty LeClaire, daughter of the late Jerry LeClaire.

Miss Luella Sharkey of Milwaukee spent the weekend visiting with her mother, Mrs. Napoleon Sharkey.

Completes Tour Of Duty

Richard Ferrier, son of Mr. and Mrs. Careld Ferrier, has arrived home after being discharged from the U. S. Navy at San Diego. Richard was a hospital corpsman on the USS Kittyhawk, aircraft carrier, and has been touring the West Pacific near Japan and the Philippines for the past two and a half years. He was on the Kittyhawk on its maiden voyage and remained on it until his discharge. Richard plans on entering Bay de Noc Community College in the near future.

Federal Deficit To Be 9 Billion

WASHINGTON (AP) — The Treasury told Congress Tuesday the budget outlook has improved by almost $3 billion. Yet it asked that the national debt limit be raised from $309 billion to $315 billion through June 30.

Secretary Douglas Dillon testified before the House Ways and Means Committee that the present outlook is for a $9-billion deficit for the government year that began July 1 instead of the $11.9-billion deficit President Kennedy forecast in January.

Dillon said it now appears that tax revenues will be $1.9 billion more than was estimated in January.

Dillon faced critical questioning by Republican members about the need for a higher debt ceiling. GOP leaders, pressing a campaign against thwat they call the administration's extravagance, have said they may try to block any immediate increase.

But Dillon said, "I cannot contemplate any lower debt limit" than $315 billion. "The risks are simply too great," he added. The government, in most recent years, has had to borrow money to pay its bills because spending outstripped revenues.

Dillon said the debt stands today at $307.4 billion and that it will reach $308 billion by mid-November. If Congress does not act by Nov. 30, the debt limit drops automatically to $285 billion.

While figures submitted by Dillon and Budget Director Kermit Gordon showed some spending cuts by the administration, Dillon credited most of the budget improvement to action by Congress and business gains.

No Short Cuts

Dear Ann Landers: The best way I know to get a problem before the public is to write to Ann Landers. I hope you'll print my letter and perhaps spare other couples the grief my daughter and son-in-law are now going through.

After seven childless years our daughter and son-in-law became discouraged and decided to adopt. They were interviewed by three agencies and told to "be patient." Their patience wore thin after two years so my daughter was understandably receptive to the suggestion of a friend who had gotten two gray-market babies and was delighted with them.

My daughter's husband agreed to go the gray-market route and two months later they received a beautiful little girl. She was the light of their lives for ten glorious months.

Last May the baby's natural mother turned up at their front door and demanded her child. She claimed she was irrational when she agreed to sell her baby to "that crook of a lawyer." I'll skip the details, but my daughter and son-in-law were taken into court and they lost.

The nursery door is now locked and their is the saddest home I have ever seen. They are paying dearly for their mistake. Please print this, Ann. — SHATTERED GRANDMOTHER

Dear Grandmother: Yours is not the first such letter that has appeared in this column, but it is worth repeating. Thank you for writing. And again let's hope this serves as a deterrent to childless couples who are tempted to take a short cut.

Dear Ann: What's the matter with me? I go from one miserable affair to another. I'll tell you my story briefly and maybe you can help.

I quit school at 16 to marry a foreigner who was 33. My mother thought he had money. She was right — but I couldn't get my hands on it. The marriage lasted six months.

I went with another man who fooled me for two years before I learned he was married and had four kids. The next fellow was married but said his divorce would be coming through "any day." I got disgusted after 15 months and left town to go live with my cousin and her husband.

Her husband and I fell in love. My cousin found out about it and threw me out of the house. Now I'm back in this miserable town and my reputation is mud.

Why am I so loused up? Please help me.—HARD LUCK LIZ

Dear Liz: It's not your luck that's hard — it's your head.

Move to a city where no one knows you. Resolve to go with only respectable people. Join church groups and clubs where decent people meet. Stay out of bars and joints. Replace that macaroni in your spine with sterner stuff. And stop looking for short cuts to Paradise.

★ ★ ★

Dear Ann Landers: A friend of ours who is in the funeral business has a habit which annoys me terribly. If you tell me he is right I will apologize to him.

When this friend introduces a clergyman he invariably says, "I would like you to know Dr. Quentin Collingswood, a Doctor of Divinity." This sounds so pompous that my blood pressure takes a leap every time I hear it. What do you think about this type of introduction? — ANTI - POMP AND CIRCUMSTANCE

Dear Anti-Pomp: I would not say your friend is wrong, but he is surely using a great many superfluous words. It would be simpler to say, "This is the Rev. Quentin Collingswood."

One does not introduce a dentist as "Dr. Fansworth, Doctor of Dentistry," or "Dr. Rosenheim, Doctor of Philosophy" — not that it would be incorrect, but because is would be awkward.

Do you lean on cigarettes as a social crutch? You may regret it later. Send for ANN LANDERS' booklet, "Teenage Smoking," enclosing with your request 10c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Ann Landers

No Short Cuts

Dear Ann Landers: The best way I know to get a problem before the public is to write to Ann Landers. I hope you'll print my letter and perhaps spare other couples the grief my daughter and son-in-law are now going through.

After seven childless years our daughter and son-in-law became discouraged and decided to adopt. They were interviewed by three agencies and told to "be patient." Their patience wore thin after two years so my daughter was understandably receptive to the suggestion of a friend who had gotten two gray-market babies and was delighted with them.

My daughter's husband agreed to go the gray-market route and two months later they received a beautiful little girl. She was the light of their lives for ten glorious months.

Last May the baby's natural mother turned up at their front door and demanded her child. She claimed she was irrational when she agreed to sell her baby to "that crook of a lawyer." I'll skip the details, but my daughter and son-in-law were taken into court and they lost.

The nursery door is now locked and their is the saddest home I have ever seen. They are paying dearly for their mistake. Please print this, Ann. — SHATTERED GRANDMOTHER

Dear Grandmother: Yours is not the first such letter that has appeared in this column, but it is worth repeating. Thank you for writing. And again let's hope this serves as a deterrent to childless couples who are tempted to take a short cut.

★ ★ ★

Dear Ann: What's the matter with me? I go from one miserable affair to another. I'll tell you my story briefly and maybe you can help.

I quit school at 16 to marry a foreigner who was 33. My mother thought he had money. She was right — but I couldn't get my hands on it. The marriage lasted six months.

I went with another man who fooled me for two years before I learned he was married and had four kids. The next fellow was married but said his divorce would be coming through "any day." I got disgusted after 15 months and left town to go live with my cousin and her husband.

Her husband and I fell in love. My cousin found out about it and threw me out of the house. Now I'm back in this miserable town and my reputation is mud.

Why am I so loused up? Please help me.—HARD LUCK LIZ

Dear Liz: It's not your luck that's hard — it's your head.

Move to a city where no one knows you. Resolve to go with only respectable people. Join church groups and clubs where decent people meet. Stay out of bars and joints. Replace that macaroni in your spine with sterner stuff. And stop looking for short cuts to Paradise.

★ ★ ★

Dear Ann Landers: A friend of ours who is in the funeral business has a habit which annoys me terribly. If you tell me he is right I will apologize to him.

When this friend introduces a clergyman he invariably says, "I would like you to know Dr. Quentin Collingswood, a Doctor of Divinity." This sounds so pompous that my blood pressure takes a leap every time I hear it. What do you think about this type of introduction? — ANTI - POMP AND CIRCUMSTANCE

Dear Anti-Pomp: I would not say your friend is wrong, but he is surely using a great many superfluous words It would be simpler to say, "This is the Rev. Quentin Collingswood."

One does not introduce a dentist as "Dr. Fansworth, Doctor of Dentistry," or "Dr. Rosenheim, Doctor of Philosophy" — not that it would be incorrect, but because is would be awkward.

★ ★ ★

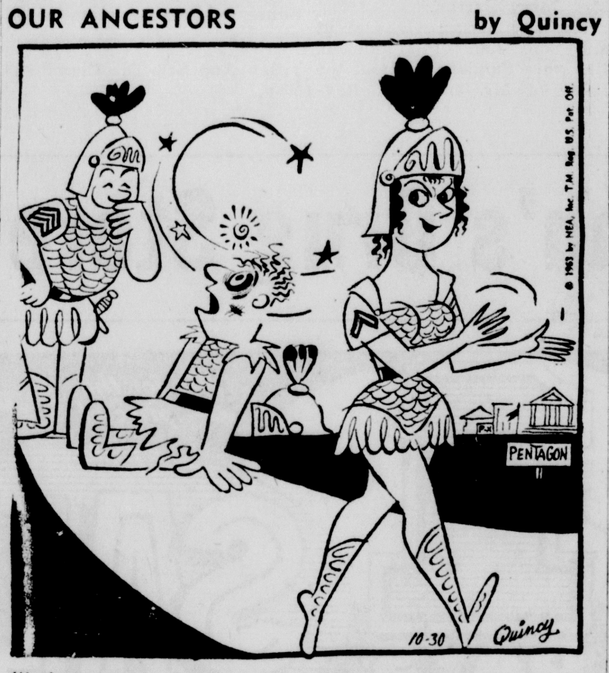

Do you lean on cigarettes as a social crutch? You may regret it later. Send for ANN LANDERS' booklet, "Teenage Smoking," enclosing with your request 10c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

New York Puts Curb On Smut

NEW YORK (AP) — Mayor Robert F. Wagner — acting in response to the demands of a fasting Jesuit priest — has pledged that the city will exert all available controls over the sale of pornographic material to children.

The priest, the Rev. Morton A. Hill, 46, broke his 75-hour fast Monday night after studying a statement issued by the mayor.

Father Hill, a parish priest of the Roman Catholic Church of St. Ignatius Loyola, began a water diet last Friday, saying that Wagner had not kept a promise made last July to push a program to eliminate traffic in pornography. The priest announced his fast at Sunday services.

Wagner designated Deputy Mayor Edward F. Cavanagh Jr. to coordinate a drive against pornography.

The mayor said in his statement that the city will "avoid any violations of constitutional rights or freedom" in the campaign.

Wagner told Cavanagh to arrange for the city officials concerned to meet with Father Hill.

Wagner said the Police Department was distributing warning notices to 786 bookstores in the city informing them about laws against the sale of pornographic material.

Daughter Ranks Her Coed Mother

MARQUETTE — Lila Floodstrand of Crystal Falls is a freshman at Northern Michigan University. Her daughter, Mary Jo, is a senior, and herein lies the story of a remarkable family and a woman's life-long ambition to get college education.

Mrs. Floodstrand, wife of George Floodstrand, a retired iron mine captain, wants to be an English teacher. This would be one more facet in her active career as a housewife, mother, newspaper reporter, and the first woman city commissioner in Crystal Falls.

The Floodstrands' four children have gone on to careers of their own, and when George decided to retire in October as captain of Republic Steel's Tobin Mine in Crystal Falls, he suggested that Mrs. Floodstrand begin her college education. She entered Northern in September.

Own Careers

Mary Jo, who preceded her mother at Northern, is majoring in speech correction and will graduate in June.

Son Fred, a graduate of Michigan Tech in Houghton, is an analytical engineer with Pratt & Whitney Aircraft Corp. in East Hartford, Conn. Another daughter, Lois, is a nursing instructor in Deaconess Hospital, Detroit. She took her nurses's training at St. Luke's Hospital, Marquette, and received her bachelor's and master's degrees in nursing education from Wayne State University.

Son Kenneth is employed by the Marathon Corp. at Appleton, Wis.

Lila and Mary Jo share an apartment in Marquette, and also share housekeeping and cooking chores between classes. They don't have any classes together, but they study together and share other interests, particularly reading.

Mrs. Floodstrand said she "always dreamed of going to college but there never seemed to be time until now." Her husband, who shares her interest in education, encouraged her to take advantage of the opportunity.

On Commission

He also had encouraged her to run for election to the Crystal Falls City Commission when she developed an interest in city government after reporting commission proceedings for the Iron Mountain News. She was elected in 1962 for a three-year term.

Mrs. Floodstrand was a news reporter, covering the Iron County area, for 10 years. She resigned to enter Northern, and she also resigned as president of the Crystal Falls Women's Club and gave up her membership on the board of the Crystal Falls Municipal Hospital. But she retained her post on the city commission. She returns to Crystal Falls to attend commission meetings the first and third Mondays of every month. She also spends her weekends with her husband in Crystal Falls.

Mrs. Floodstrand is enthusiastic about student and university life. "I'm enjoying every minute of it," she asid. She feels "accepted" in the clasroom, and she's impressed with the "friendly and earnest" attitude of her fellow students. She said she would advise "anyone who really wants a college education to go ahead and get it, regardless of age or circumstances. It's a tremendously stimulating experience."

Waterproof mittens that help to prevent hand chapping will soon be on the market for youngsters. They are made of poron, a material which the makers say breathes continuously, eliminating the moisture vapor generated by hand warmth. The trapped moisture is the chief reason for hand-chapping.

The velvet touch in hats complements luxurious fur and wool fashions for fall. A jockey cap in boulevard velvet (top left) has bow-tied leather strap around the base of the crown. Jewel-tone velvet turban (top right) is draped with a flair a sheik would envy. The perennial favorite, the breton (lower left) has a new look in velvet. The larger, softer crown is balanced by a wideflung brim, framed with grosgrain ribbon. The cloche (lower right) has lofty ball crown, stroked with a broad grosgrain band that swerves upward to a V in front. The hats are designed by Betmar.

Mrs. Charlotte Tousignant spent the weekend with her daughter and family in Janesville, Wis.

Rapid River

Birth

Mr. and Mrs. Albert Wickham Jr., are the parents of a daughter, weighing 6 pounds and 2 ounces, born Saturday morning while the mother was enroute to St. Joseph Hospital in Mt. Clemens. She is their second daughter. Mr. and Mrs. Bert Wickham are the grandparents.

Halloween Party

The Congregational Sunday School classes of Mrs. George Wilbee and Mrs. Georgia Safford had a Halloween party Saturday afternoon at the Safford home. Games were followed by dinner. Prizes were awarded for the best costumes.

Rev. and Mrs. Charles P. Hazard left Monday morning for Grand Rapids, called by the death of Mrs. Hazard's brother-in-law.

Martha Wickham arrived from Milwaukee Saturday to visit her parents, Mr .and Mrs. Bert Wickham.

Mr. and Mrs. Meddie Barbeau and Art Tienert are on a ten-day hunting trip in Colorado.

Daughter Ranks Her Coed Mother

MARQUETTE — Lila Floodstrand of Crystal Falls is a freshman at Northern Michigan University. Her daughter, Mary Jo, is a senior, and herein lies the story of a remarkable family and a woman's life-long ambition to get college education.

Mrs. Floodstrand, wife of George Floodstrand, a retired iron mine captain, wants to be an English teacher. This would be one more facet in her active career as a housewife, mother, newspaper reporter, and the first woman city commissioner in Crystal Falls.

The Floodstrands' four children have gone on to careers of their own, and when George decided to retire in October as captain of Republic Steel's Tobin Mine in Crystal Falls, he suggested that Mrs. Floodstrand begin her college education. She entered Northern in September.

Own Careers

Mary Jo, who preceded her mother at Northern, is majoring in speech correction and will graduate in June.

Son Fred, a graduate of Michigan Tech in Houghton, is an analytical engineer with Pratt & Whitney Aircraft Corp. in East Hartford, Conn. Another daughter, Lois, is a nursing instructor in Deaconess Hospital, Detroit. She took her nurses's training at St. Luke's Hospital, Marquette, and received her bachelor's and master's degrees in nursing education from Wayne State University.

Son Kenneth is employed by the Marathon Corp. at Appleton, Wis.

Lila and Mary Jo share an apartment in Marquette, and also share housekeeping and cooking chores between classes. They don't have any classes together, but they study together and share other interests, particularly reading.

Mrs. Floodstrand said she "always dreamed of going to college but there never seemed to be time until now." Her husband, who shares her interest in education, encouraged her to take advantage of the opportunity.

On Commission

He also had encouraged her to run for election to the Crystal Falls City Commission when she developed an interest in city government after reporting commission proceedings for the Iron Mountain News. She was elected in 1962 for a three-year term.

Mrs. Floodstrand was a news reporter, covering the Iron County area, for 10 years. She resigned to enter Northern, and she also resigned as president of the Crystal Falls Women's Club and gave up her membership on the board of the Crystal Falls Municipal Hospital. But she retained her post on the city commission. She returns to Crystal Falls to attend commission meetings the first and third Mondays of every month. She also spends her weekends with her husband in Crystal Falls.

Mrs. Floodstrand is enthusiastic about student and university life. "I'm enjoying every minute of it," she asid. She feels "accepted" in the clasroom, and she's impressed with the "friendly and earnest" attitude of her fellow students. She said she would advise "anyone who really wants a college education to go ahead and get it, regardless of age or circumstances. It's a tremendously stimulating experience."

Bark River

Cub Scouts

Cub Scouts of Den 3, who met at the home of Den Mother, Mrs. Francis Derocher, Thursday evening, made vegetable puppets and paper bag masks in keeping with this month's theme, "Make Believe." These were made in preparation for Halloween. Mrs. Myron Phillips served lunch at this week's meeting and Mrs. Edward Kwarciany served at last week's meeting. From now on meetings will be held at the Derocher home after school.

PTA Meeting At Rapid River School Monday

RAPID RIVER — Rapid River Parent-Teacher Association met Monday evening at Bay de Noc Elementary School. Mrs. Lawrence Viau, president, conducted the business session.

Norman Slough, principal, reported on school playground progress. He also announced the Student Council decision to have a Halloween Masquerade ball for Junior and Senior High students, instead of the usual carnival. The elementary children will have a Halloween assembly at school.

Mrs. Thomas Safford, program chairman, introduced Mrs. Glenn Nichols, who presented a book display. Recognition was given Mrs. Phillip's seventh grade science class for its exhibit. Mrs. Royce Gustafson and Mrs. George Holmgren were named members of the program committee.

A delightful talent program closed the meeting. Daryl Lindquist, Student Council president, played a piano medley and Ruth and Regina Olson sang "God Bless America." Gerald Pyke played accordion numbers and Margaret Soderberg presented a Beethoven sonata, "Pathetique."

A skit, entitled "Horton Hatches the Egg," Dr. Seuss, was given by Phyllis Herbert, Judy Holmgren, Tom Clint and Dan Safford, with narration by Cynthia Safford.

Pie and coffee were served by mothers of the ninth grade.

Voter Approval Sought For New Franklin School

Replacement of the Franklin School building to serve the needs of that area and to end the costly transporation of children from the Franklin to other schools is the objective in an election to be held Dec. 9.

The Escanaba Area Public Schools Board of Education set Dec 9 as the date for the election at a special meeting last night.

Voters have twice turned thumbs down on propositions which included financing construction of a new Franklin building. This time the proposal to replace the Franklin will be the only question on the ballot.

Dr. William Hemes, president of the school board, and the other board members unanimously agreed that costs will be held to a reasonable minimum for a functional, soundly constructed building adequate for the needs of the children in the Franklin area.

Cost About $240,000

The nine-room plus multi-purpose room building will be designed by Arntzen Architects of Escanaba. The school board last night conferred with Norman Arntzen of the firm on revisions in the plan and on the choice of materials which will affect the final cost figure.

Legal consultants today advised school officials that because 40 days is required for publication of a forthcoming election, the proposed balloting on the Franklin building cannot be held Dec. 9 A later date for the election will be set by the school board when it meets Friday noon.

Estimated cost is about $240,000, and it is proposed to finance the project with a bond issue to be retired over 15 years at about ½ mill, or 50 cents per $1,000 assessed valuation. The cost figure will not be definitely established until the board completes its conferences with the architect. A special meeting is set for Friday noon.

Clarence Zerbel, acting superintendent, and the architect met with elementary school teachers on Monday in a discussion of facilities for the new building. The school board last night agreed with suggestions that: Classrooms should be 30 by 30 feet; classrooms should have individual toilets for each room through third grade; and that cost figures for a stage in the multi-purpose room will be obtained.

The plans include school library space, which could be combined with a health and guidance room and a work area for teachers.

Plan Fact Sheet

On the recommendation of the architect and heating engineers, the board approved the use of city steam for heating the building. Norman Arntzen told the board that the cost of the structure, plus equipment and maintenance, would be reduced by the use of city steam.

In other business the school board received a petition signed by 12 residents of the Lemmer School area asking the board to halt improvement of the ball field on the school playground. The board recalled it had granted permission (without cost to the school district) to the Escanaba Jaycees to improve the ball diamond for use of pre-Little League players age 6 to 10.

The board in discussion indicated it found such use of the diamond does not conflict with school activities nor with city ordinance or zoning laws.

Before concluding its special meeting last night the school board asked Zerbel to prepare an information fact sheet relating to the proposed new Franklin School and the Dec. 9 election.

Plans were also discussed for a public meeting and a campaign of information to fully acquaint the voters with the Franklin School replacement proposition.

Kidnap Case Warrant Issued

LANSING (AP) — Ingham County Prosecutor Leo Farhat today authorized a warrant charging a Saginaw Construction worker with three counts of kidnaping in the abduction of tiny, blonde Michelle Moran last Friday.

The 5-year-old youngster, taken from her mother's car was found in a road side ditch Saturday morning. A doctor's report showed she had been molested.

Named in the warrant was John F. Clay, 33, of Saginaw.

Farhat said if convicted, Clay could receive a life term on any one of the three charges.

The charges included secret confinement, malicious kidnapping for purposes of secret confinement and forcibly taking away a child with intention to detain her from her mother.

Asked if Clay had made a confession, Farhat said "it would be improper to characterize anything he said as an admission."

Because of the age of the child, he said, he would ask the court to set as speedy an examination as possible, if Clay should demand examination at his arraignment today.

Office Force Votes For UAW

The United Auto Workers Union, Technical, Office and Professional Department announced today that it had won an election for bargaining rights among office workers of the Escanaba Division of Harnischfeger Corp. on Tuesday.

Ivan Brown of Iron Mountain, UAW International representative, said that the vote was 34 for the UAW, 8 no, and that 25 ballots were challenged by the company on eligibility for participation in this unit. Brown said that the National Labor Relations Board, which supervised the balloting, was expected to certify the results within a week as the challenged votes could not upset the result.

Balloting was at the P&H truck crane and welder plants Tuesday afternoon.

The shop force of the plants has UAW as bargaining agent.

Mystery Blaze Takes Man's Life

Martin Krulatz, 69, of the Town of Porterfield in Marinette County died Saturday afternoon of severe burns, covering 90 per cent of his body, suffered Friday night when his clothing caught fire.

There were no witnesses to the incident in which his clothing caught fire, apparently while in his car which was parked outside of Jimmy's Tavern, in Marinette. The death will be investigated by the state fire marshal.

Krulatz had been in the tavern earlier, and returned after 20 minutes with his clothing afire. Patrons roled him on the floor to help extinguish the flames.

Hospital Costs Key To Service

The cost of hospital care is going up and it will go higher, how high will depend on what service the public demands, John F. Haines, assistant administrator of St. Francis Hospital, told the Rotary Club Tuesday noon.

Haines was introduced by Ted Fordney of the club's program committee, and Robert Mosenfelder, Rotary President, conducted the meeting.

Haines explained the organization of the hospital, which is operated by the sisters of the Third Order of St. Francis, Peoria, Ill., plus a corporate board and a lay advisory board. Sister Mary Hildegard, O. S., is superior administrator of the hospital here.

While there may be some disadvantages in the operation of hospitals by the Sisters, there are many over-weighing advantages Haines said.

For example, members of the Order serve as record librarian, supervisor of the x-ray department, as qualified heads in surgery, nursing and elsewhere; and in addition some of the nuns "work day and night" in hospital operation — a service "which would be hard to pay for and if were the bills would be higher than ever."

The hospital has 240 full and part-time people employed, representing 2.3 persons per patient, Haines reported. Because of the demands for more and more service, the ratio of staff to patients has increased from 1 for 1 in 1940 to the present 2.3 workers per patient.

Haines defined the role of the hospital in its relation to the patient with the statement the hospital "does not practice medicine, but we are there to see that the orders of the poctor are carried out." The hospital does not have doctors who are employes and therefor the hospital provides the hospital care and the doctors the medical care the patient requires.

Among the "by-products" of the hospital which benefit the community, Haines noted the monthly payroll of $60,000, the many purchases locally, and the treatment of patients from other areas whose families come here to visit them while they are in the hospital.

Charges at St. Francis Hospital range from a low of $14 for a ward bed to $22 for a private room; there are accounts receivable (unpaid bills) now totaling $390,248; and Americans now spend more for tobacco and alcohol than they do for medical and hospital treatment, Haines said.

The basic question relating to hospital costs is how much people want in service. Back in 1905 the average cost for hospital care was $5 a day — but not many people today would be satisfied with the 1905 type of service, Haines noted.

Seek Students For Training

The local office of the Michigan Employment Security Commission is presently seeking 1962-63 high school graduates ,and present high school seniors, for a training program under the Area Redevelopment Act to train young people for positions in Washington, D. C. as stenographers.

The intensive 16 - week course is designed to prepare trainees to pass the Federal Civil Service Test for GS-3 and GS-4 levels.

Applicants, both male and female, must be high school graduates with one full year of typing and shorthand, and must have a minimum "C" grade average. They must be in general good health and be willing to relocate in Washington.

The Commission pointed out that married couples may apply for the positions, but only if both are interested in the training course. Present high school seniors may also compete applications for a training period which would be scheduled to start in June of 1964.

Anyone desiring further information is asked to contact the local Michigan Employment Security Commission office in their area. The training is open to students of the entire Upper Peninsula.

Briefly Told

Donald J. Mahoney of 1100 S. 19th St., returned to his home last night from Green Bay where he received treatment for injuries suffered in a traffic accident in Escanaba on Oct. 10. He must remain in bed, but he is permitted to receive visitors. Mahoney was injured when his car was struck by a police patrol car which was in pursuit of a reckless driver.

Fire Destroys McKelvey Home At McMillan

NEWBERRY — The home of William McKelvey located two miles south of McMillan was totally destroyed by fire of unknown origin at 1:15 p. m. Monday. The fire was discovered and reported by Deputy Thomas Singleton of Newberry.

A pumper from the Conservation Dept. here went to the scene, with the unit from the Portage Township Fire Dept., but too late to be of service. as fire had already consumed the 24 x 28 foot two story frame building.

McKelvey is employed in the power plant at the Newberry State Hospital. Mrs. McKelvey and her mother-in-law were in the Soo shopping at the time of the fire.

The building is covered by insurance.

No Pigeon Shoot

NILES, Mich. (AP) — Niles' downtown pigeon population won't face a firing squad—it's been given a reprieve by Mayor Mowitt S. Drew.

A businessman had proposed lining up 125 marksmen on a Sunday morning, mostly along downtown rooftops, for a one-hour pigeon shoot.

Drew rejected the plan as too dangerous.

Forget-Me-Not Sale Date Set

The annual "Forget-Me-Not" blue flower sales days, sponsored by the Disabled American Veterans, will be held in Delta County on Friday and Saturday of this week.

Members of the local chapter and auxiliary will sell the flowers on Friday from 9 a. m. to 9 p. m. and on Saturday from 10 a. m. until 5:30 p. m.

The forget - me - nots are made by disabled veterans who are confined in hospitals. All proceeds of the sale are used for legislative work to help secure aid for the widows of disabled veterans and orphans. The monies also finance two annual parties held for veterans in the V. A. Hospital at Iron Mountain.

The DAV has dedicated itself to protecting the existing and obtaining additional benefits for the veterans, their families and dependents. Escanaba Chapter 24 represents all the veterans in Delta County.

The Disabled American Veterans was chartered by Congress as the official voice of the nation's wartime disabled and is rendering a vital service to the disabled veterans of the community.

Water Project Bids Requested

The City Council will meet in special session on Nov. 12 to open bids for the construction of a water main extension for which the City of Escanaba has been allocated a $7,000 Area Redevelopment grant. The city's cost will be approximately the same amount.

The work includes construction of a 12-inch water main from 23rd St. and 1st Ave. N. to 25th St. and 1st Ave. N. and south to Ludington St.

The federal grant was authorized in July this year and City Manager George Harvey recently spurred action in winning a "go ahead" on the project from the Chicago office.

He said that in Chicago he was told that the delay was caused by the Chicago office's inability to get a schedule of wage rates for this area from the Department of Labor in Washington.

"Upon my return to Escanaba I contacted the offices of Senators Hart and McNamara on Monday of last week and advised them of what was taking place and that the delay, particularly at this time of year, would perhaps put off the entire project until spring," the city manager has advised the City Council.

On Friday last week the "go ahead" was given by the Chicago office and the city is now preparing to advertise for bids for the project. The bids will be opened on Nov. 12. "It is hoped that we will have the project completed before the weather becomes too severe," Harvey said.

Meanwhile the city's request for a grant for a larger sewer project on the city's southwest side has apparently been passed over by federal agencies.

Voter Approval Sought For New Franklin School

Replacement of the Franklin School building to serve the needs of that area and to end the costly transporation of children from the Franklin to other schools is the objective in an election to be held Dec. 9.

The Escanaba Area Public Schools Board of Education set Dec 9 as the date for the election at a special meeting last night.

Voters have twice turned thumbs down on propositions which included financing construction of a new Franklin building. This time the proposal to replace the Franklin will be the only question on the ballot.

Dr. William Hemes, president of the school board, and the other board members unanimously agreed that costs will be held to a reasonable minimum for a functional, soundly constructed building adequate for the needs of the children in the Franklin area.

Cost About $240,000

The nine-room plus multi-purpose room building will be designed by Arntzen Architects of Escanaba. The school board last night conferred with Norman Arntzen of the firm on revisions in the plan and on the choice of materials which will affect the final cost figure.

Legal consultants today advised school officials that because 40 days is required for publication of a forthcoming election, the proposed balloting on the Franklin building cannot be held Dec. 9 A later date for the election will be set by the school board when it meets Friday noon.

Estimated cost is about $240,000, and it is proposed to finance the project with a bond issue to be retired over 15 years at about ½ mill, or 50 cents per $1,000 assessed valuation. The cost figure will not be definitely established until the board completes its conferences with the architect. A special meeting is set for Friday noon.

Clarence Zerbel, acting superintendent, and the architect met with elementary school teachers on Monday in a discussion of facilities for the new building. The school board last night agreed with suggestions that: Classrooms should be 30 by 30 feet; classrooms should have individual toilets for each room through third grade; and that cost figures for a stage in the multi-purpose room will be obtained.

The plans include school library space, which could be combined with a health and guidance room and a work area for teachers.

Plan Fact Sheet

On the recommendation of the architect and heating engineers, the board approved the use of city steam for heating the building. Norman Arntzen told the board that the cost of the structure, plus equipment and maintenance, would be reduced by the use of city steam.

In other business the school board received a petition signed by 12 residents of the Lemmer School area asking the board to halt improvement of the ball field on the school playground. The board recalled it had granted permission (without cost to the school district) to the Escanaba Jaycees to improve the ball diamond for use of pre-Little League players age 6 to 10.

The board in discussion indicated it found such use of the diamond does not conflict with school activities nor with city ordinance or zoning laws.

Before concluding its special meeting last night the school board asked Zerbel to prepare an information fact sheet relating to the proposed new Franklin School and the Dec. 9 election.

Plans were also discussed for a public meeting and a campaign of information to fully acquaint the voters with the Franklin School replacement proposition.

Kidnap Case Warrant Issued

LANSING (AP) — Ingham County Prosecutor Leo Farhat today authorized a warrant charging a Saginaw Construction worker with three counts of kidnaping in the abduction of tiny, blonde Michelle Moran last Friday.

The 5-year-old youngster, taken from her mother's car was found in a road side ditch Saturday morning. A doctor's report showed she had been molested.

Named in the warrant was John F. Clay, 33, of Saginaw.

Farhat said if convicted, Clay could receive a life term on any one of the three charges.

The charges included secret confinement, malicious kidnaping for purposes of secret confinement and forcibly taking away a child with intention to detain her from her mother.

Asked if Clay had made a confession, Farhat said "it would be improper to characterize anything he said as an admission."

Because of the age of the child, he said, he would ask the court to set as speedy an examination as possible, if Clay should demand examination at his arraignment today.

Office Force Votes For UAW

The United Auto Workers Union, Technical, Office and Professional Department announced today that it had won an election for bargaining rights among office workers of the Escanaba Division of Harnischfeger Corp. on Tuesday.

Ivan Brown of Iron Mountain, UAW International representative, said that the vote was 34 for the UAW, 8 no, and that 25 ballots were challenged by the company on eligibility for participation in this unit. Brown said that the National Labor Relations Board, which supervised the balloting, was expected to certify the results within a week as the challenged votes could not upset the result.

Balloting was at the P&H truck crane and welder plants Tuesday afternoon.

The shop force of the plants has UAW as bargaining agent.

Mystery Blaze Takes Man's Life

Martin Krulatz, 69, of the Town of Porterfield in Marinette County died Saturday afternoon of severe burns, covering 90 per cent of his body, suffered Friday night when his clothing caught fire.

There were no witnesses to the incident in which his clothing caught fire, apparently while in his car which was parked outside of Jimmy's Tavern, in Marinette. The death will be investigated by the state fire marshal.

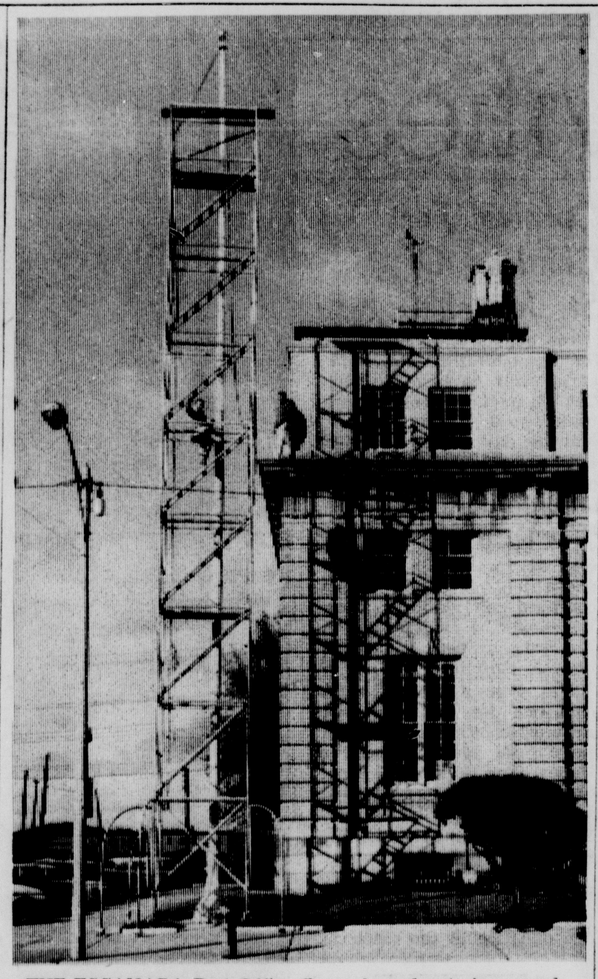

Krulatz had been in the tavern earlier, and returned after 20 minutes with his clothing afire. Patrons roled him on the floor to help extinguish the flames.

Hospital Costs Key To Service

The cost of hospital care is going up and it will go higher, how high will depend on what service the public demands, John F. Haines, assistant administrator of St. Francis Hospital, told the Rotary Club Tuesday noon.

Haines was introduced by Ted Fordney of the club's program committee, and Robert Mosenfelder, Rotary President, conducted the meeting.

Haines explained the organization of the hospital, which is operated by the sisters of the Third Order of St. Francis, Peoria, Ill., plus a corporate board and a lay advisory board. Sister Mary Hildegard, O. S., is superior administrator of the hospital here.

While there may be some disadvantages in the operation of hospitals by the Sisters, there are many over-weighing advantages Haines said.

For example, members of the Order serve as record librarian, supervisor of the x-ray department, as qualified heads in surgery, nursing and elsewhere; and in addition some of the nuns "work day and night" in hospital operation — a service "which would be hard to pay for and if were the bills would be higher than ever."

The hospital has 240 full and part-time people employed, representing 2.3 persons per patient, Haines reported. Because of the demands for more and more service, the ratio of staff to patients has increased from 1 for 1 in 1940 to the present 2.3 workers per patient.

Haines defined the role of the hospital in its relation to the patient with the statement the hospital "does not practice medicine, but we are there to see that the orders of the poctor are carried out." The hospital does not have doctors who are employes and therefor the hospital provides the hospital care and the doctors the medical care the patient requires.

Among the "by-products" of the hospital which benefit the community, Haines noted the monthly payroll of $60,000, the many purchases locally, and the treatment of patients from other areas whose families come here to visit them while they are in the hospital.

Charges at St. Francis Hospital range from a low of $14 for a ward bed to $22 for a private room; there are accounts receivable (unpaid bills) now totaling $390,248; and Americans now spend more for tobacco and alcohol than they do for medical and hospital treatment, Haines said.

The basic question relating to hospital costs is how much people want in service. Back in 1905 the average cost for hospital care was $5 a day — but not many people today would be satisfied with the 1905 type of service, Haines noted.

Seek Students For Training

The local office of the Michigan Employment Security Commission is presently seeking 1962-63 high school graduates ,and present high school seniors, for a training program under the Area Redevelopment Act to train young people for positions in Washington, D. C. as stenographers.

The intensive 16 - week course is designed to prepare trainees to pass the Federal Civil Service Test for GS-3 and GS-4 levels.

Applicants, both male and female, must be high school graduates with one full year of typing and shorthand, and must have a minimum "C" grade average. They must be in general good health and be willing to relocate in Washington.

The Commission pointed out that married couples may apply for the positions, but only if both are interested in the training course. Present high school seniors may also compete applications for a training period which would be scheduled to start in June of 1964.

Anyone desiring further information is asked to contact the local Michigan Employment Security Commission office in their area. The training is open to students of the entire Upper Peninsula.

Briefly Told

Donald J. Mahoney of 1100 S. 19th St., returned to his home last night from Green Bay where he received treatment for injuries suffered in a traffic accident in Escanaba on Oct. 10. He must remain in bed, but he is permitted to receive visitors. Mahoney was injured when his car was struck by a police patrol car which was in pursuit of a reckless driver.

Forget-Me-Not Sale Date Set

The annual "Forget-Me-Not" blue flower sales days, sponsored by the Disabled American Veterans, will be held in Delta County on Friday and Saturday of this week.

Members of the local chapter and auxiliary will sell the flowers on Friday from 9 a. m. to 9 p. m. and on Saturday from 10 a. m. until 5:30 p. m.

The forget - me - nots are made by disabled veterans who are confined in hospitals. All proceeds of the sale are used for legislative work to help secure aid for the widows of disabled veterans and orphans. The monies also finance two annual parties held for veterans in the V. A. Hospital at Iron Mountain.

The DAV has dedicated itself to protecting the existing and obtaining additional benefits for the veterans, their families and dependents. Escanaba Chapter 24 represents all the veterans in Delta County.

The Disabled American Veterans was chartered by Congress as the official voice of the nation's wartime disabled and is rendering a vital service to the disabled veterans of the community.

Water Project Bids Requested

The City Council will meet in special session on Nov. 12 to open bids for the construction of a water main extension for which the City of Escanaba has been allocated a $7,000 Area Redevelopment grant. The city's cost will be approximately the same amount.

The work includes construction of a 12-inch water main from 23rd St. and 1st Ave. N. to 25th St. and 1st Ave. N. and south to Ludington St.

The federal grant was authorized in July this year and City Manager George Harvey recently spurred action in winning a "go ahead" on the project from the Chicago office.

He said that in Chicago he was told that the delay was caused by the Chicago office's inability to get a schedule of wage rates for this area from the Department of Labor in Washington.

"Upon my return to Escanaba I contacted the offices of Senators Hart and McNamara on Monday of last week and advised them of what was taking place and that the delay, particularly at this time of year, would perhaps put off the entire project until spring," the city manager has advised the City Council.

On Friday last week the "go ahead" was given by the Chicago office and the city is now preparing to advertise for bids for the project. The bids will be opened on Nov. 12. "It is hoped that we will have the project completed before the weather becomes too severe," Harvey said.

Meanwhile the city's request for a grant for a larger sewer project on the city's southwest side has apparently been passed over by federal agencies.

Fire Destroys McKelvey Home At McMillan

NEWBERRY — The home of William McKelvey located two miles south of McMillan was totally destroyed by fire of unknown origin at 1:15 p. m. Monday. The fire was discovered and reported by Deputy Thomas Singleton of Newberry.

A pumper from the Conservation Dept. here went to the scene, with the unit from the Portage Township Fire Dept., but too late to be of service, as fire had already consumed the 24 x 28 foot two story frame building.

McKelvey is employed in the power plant at the Newberry State Hospital. Mrs. McKelvey and her mother-in-law were in the Soo shopping at the time of the fire.

The building is covered by insurance.

No Pigeon Shoot

NILES, Mich. (AP) — Niles' downtown pigeon population won't face a firing squad—it's been given a reprieve by Mayor Mowitt S. Drew.

A businessman had proposed lining up 125 marksmen on a Sunday morning, mostly along downtown rooftops, for a one-hour pigeon shoot.

Drew rejected the plan as too dangerous.

Reserve Football Squad Feted By VFW At Banquet

School Supt. Edwin Wuehle spoke at a recognition banquet held for the reserve football team Monday night in the VFW Hall, sponsored by Veterans of Foreign Wars.

In his talk Wuehle noted the team had obligations to fans, teams that have played before and will be playing, obligations to each other and self. To be a success, it is necessary to have willingness, work, give attention to detail and give the best performance at all times.

Invocation and benediction were by the Rev. Harry Davidson. Frank Wareham entertained with piano, vocal and accordion selections. Other members of the high school staff gave brief remarks, complimenting the team. They were Robert Ebli, assistant varsity coach, Howard Schwartz, varsity trainer, William Cook, high school athletic director, Earl Williamson, freshman coach, Charles Varnum, assistant reserve coach, Marvin Frederickson, high school principal and Rudie Brandstrom, head reserve coach.

The banquet was prepared and served by a committee headed by Auxiliary President Eleanor DeSautel and post commander Edward Jorgenson. Lionel Mercier was toastmster. Movies of the varsity and Marquette game were shown by Ralph Deloria.

GLADSTONE

Ship Grounded In Soo Harbor; Ore Lightened

SAULT STE. MARIE (AP)—The Republic Steel Co. ore carrier Charles M. White, which ran aground in fog Monday in the main shipping channel at the lower end of the Soo harbor, was expected to be refloated some time today.

Spokesmen for Republic Steel said the ship was believed to have a gash in its hull but pumps were being used to keep water out. Lightening operations got under way Tuesday as crew members began removing 1,500 tons of the ship's iron ore cargo.

Briefly Told

Gladstone City Police ticketed Joyce M. Phillips of 823½ Delta Ave. for failing to obey a traffic signal.

Special Reformation Day divine service, together with celebration of Holy Communion, will be conducted in St. Paul's Lutheran Church Thursday at 7:30 p. m.

State Police ticketed the following motorists for traffic violations: Floyd St. Cry, Rte. 1, Cornell, speeding; and David Winston of Green Bay, also for speeding.

State Police are investigating a complaint by Margaret Alko of Perkins regarding the theft of 40 bales of balsm boughs from a wooded area near Perkins. Mrs. Alko told officers the theft occurred sometime Monday evening or early Tuesday morning.

Marcia Skellenger, daughter of Dr. and Mrs. B. H. Skellenger, 1312 Wisconsin Ave., Gladstone, is one of six senior women serving as proctors in the new freshman women's dormitory at Augustana College, Rock Island. A graduate of Gladstone High School, Miss Skellenger is majoring in English.

Auxiliary Sends 5 To Workshop

August Mattson Post 71 Auxiliary voted Monday to send five members to work at the Christmas Workshop at the Veterans Hospital at Iron Mountain Dec. 11.

Each year the Auxiliaries in the U. P. purchase gifts for the patients to give to their families and a Workshop is held when patients select their gifts and representatives of the auxiliaries gift wrap their selections and prepare them for mailing if necessary.

Plans were made for the Veterans Day dinner to be held Monday at the Legion Hall. The public is invited to this annual affair.

A social hour followed the business meeting and Mrs. Peter Schram received the special award. The next regular meeting was scheduled for Nov. 25.

Refreshments were served with Mrs. Lee Alworden as chairman of the commitee and assisted by Mrs. Alphonse Dementer and Mrs. J. J. Gnat.

Former Iran Empress Gets Movie Roles

ROME (AP) — Former Empress Soraya of Iran, an aspiring movie queen, will play an Italian princess before she gets a chance to be Catherine the Great of Russia in a movie her producer hopes to film in the Soviet Union.

Italian filmmaker Dino de Laurentiis, who has Soraya under contract, disclosed this in a press statement today.

He had announced earlier this month that Soraya's first movie would be about Catherine under the title "The Empress." Tuesday he said her first movie will be called "The Secret" and will be a "modern love story with an international setting."

Driver Ticketed For Minor Mishap

Joseph Rousseau, 22, of Rte. 1, Gladstone, was ticketed by Gladstone City Police for failure to yield the right-of-way, following an accident at 1 p. m Sunday on U. S. 2-41 at the south entrance to Gladstone.

Officers said that Rousseau was headed west crossing the four-lane highway when he drove into the side of a car driven by Willard Cook, 47, of Rock Island, Ill., who was driving south on U. S. 2-41.

In Service

John C. Colvin, seaman apprentice, USN, son of Mr. and Mrs. Clovis Colvin of 509 S. 14th St., Escanaba, serving aboard the destroyer USS Forrest Royal, participated in a NATO exercise with the Sixth Fleet in the Mediterranean, including carrier task force operations, antisubmarine warfare e-xercises and an amphibious assault landing in Turkish Thrace. Armed forces of the U. S., Greece and Turkey participated in the exercise.

Card Of Thanks

Sheffer

We desire to extend our heartfelt thanks for all the kindness and sympathy shown us by neighbors, relatives and friends in the death of our beloved husband, father and grandfather, Ray Sheffer. A special word of appreciation for the cards, floral tributes and memorial gifts, to the Rev. Dana Austin for his words of comfort and the Ladies of First Baptist Church, the pallbearers and those who offered cars for the service. Your kindness will always be held in grateful remembrance.

Reserve Football Squad Feted By VFW At Banquet

School Supt. Edwin Wuehle spoke at a recognition banquet held for the reserve football team Monday night in the VFW Hall, sponsored by Veterans of Foreign Wars.

In his talk Wuehle noted the team had obligations to fans, teams that have played before and will be playing, obligations to each other and self. To be a success, it is necessary to have willingness, work, give attention to detail and give the best performance at all times.

Invocation and benediction were by the Rev. Harry Davidson. Frank Wareham entertained with piano, vocal and accordion selections. Other members of the high school staff gave brief remarks, complimenting the team. They were Robert Ebli, assistant varsity coach, Howard Schwartz, varsity trainer, William Cook, high school athletic director, Earl Williamson, freshman coach, Charles Varnum, assistant reserve coach, Marvin Frederickson, high school principal and Rudie Brandstrom, head reserve coach.

The banquet was prepared and served by a committee headed by Auxiliary President Eleanor DeSautel and post commander Edward Jorgenson. Lionel Mercier was toastmster. Movies of the varsity and Marquette game were shown by Ralph Deloria.

Great Lakes Names League Honor Team

By RAY CRANDALL
(Press Sports Editor)

MUNISING — Escanaba and Gladstone landed two players apiece on the 1963 Great Lakes all-conference football squad selected by conference coaches at their annual fall meeting here Tuesday.

Representing Coach Jerry Cvengros' Escanaba Eskymos on the first team, named by coaches on an all-opponent basis, were senior tackle Dale Horchner and sophomore guard Steve Oman. Oman, a 6-foot, 215 pounder, was the only sophomore to be named to the honor squad this year.

Horchner, senior tackle and linebacker, stands 5-10 and weighs 208 pounds. He was named earlier by his team mates as the most valuable player on the Eskymo team and was elected captain for the season.

Tom Domres, senior guard and fullback, and Dan Schram, senior halfback, were named from Coach Don Pfotenhauer's Gladstone club.

Fullback-Guard

Domres is a 220 pounder, co-captain with Schram, was a tackle on defense, guard on offense and filled in as fullback when neded. He scored four touchdowns and 19 extra points, led the team on defense and was a repeater on the All-Conference team from last year.

Schram, 175 pound speedster, gained 1,178 yards in 141 carries and scored 102 points. He intercepted five enemy passes, handled Gladstone's punting duties, was an excellent pass receiver and completed nine of 21 passes for 144 yards and two touchdowns.

Coach Axel Anderson's Stephenson Eagles dominated the all-conference first team with three selections. Named from the Eagles were guard Jerry Hittman, center Roger Sager and back Jim Dougovito. End Clarence Peterson made the second team and tackle Jerry Lutri was named to the honorable mention list.

Coach Dick Bonifas' Manistique Emeralds placed end Fran Weber on the first team, tackle Mike Sheppard, guard Richard Hoholik and back Murray Patz on the second team and center Paul Harris on the honorable mention list.

Soo Gets Two

Representing the Newberry Indians on the second team was end Joe Panula. Garth Jacobson, Don Wietella, Pete Miller and John Hendrickson were named to the honorable mention list.

The championship Soo Blue Devils landed two players on the first team in end Dennis Porter, unanimous selection, and back Andy Benson. Porter is a 6-4, 210 pound senior who played end and linebacker, kicked 21 extra points and averaged 40 yards per punt. Benson is a 5-11 senior halfback and Soo's leading ground gainer in a perfect 8-0 season.

Because of tie voting in the selections, the coaches named three guards, two centers and five backs to the first team.

In addition to their first team honors, the Eskymos landed Jim Clairmont in the second team backfield, Brent Baum at end and Glen Fleetwood at center on honorable mention. Gladstone was represented on the honorable mention list by Emery Dault at tackle.

College Grid Forecaster Picks Spartans Saturday

By HAROLD CLAASSEN

NEW YORK (AP)—They still manufacture pencils with erasers at the top so forget last week's selections—41 right, 14 wrong for .745—and recuperate with picks for the coming week. The season's figures are 226 correct with 79 misses for .741.

Here are the choice for the games ahead:

Texas over Southern Methodist: The SMU Mustangs have made great advances, especially on defense, but the Longhorns' Ford and Carlisle are more than they can handle.

Illinois over Purdue: The Purdue defense is stubborn but these Illini sophomores are a rugged lot when they play at home.

Louisiana State over Mississippi: The revamped LSU backfield came of age in the close struggle with Florida a week ago. The Rebels have had two weeks getting ready for this one.

Air Force over Army: The Cadets have the better record but they never have encountered a passing quarterback on a level with Terry Isaacson.

Southern California over Washington: The Trojans' Four B's—Beathard, Brown, Bedsole and Bame — are functioning again although the Huskies' Junior Coffey may be the game's hero.

Navy over Notre Dame: A year ago these two teams played in a young hurricane. This season's hurricane is Roger Staubach.

Michigan State over Wisconsin: The running of Sherm Lewis and Dewey Lincoln to offset the passing of Harold Brandt.

Princeton over Brown: This is one of the best Princeton teams in recent years.

Auburn over Florida: In this game the home field is the decisive factor.

Ohio State over Iowa: The Buckeyes are stronger and more plentiful.

Syracuse over Pittsburgh: The Panthers haven't recovered from the embarrassment they suffered against Navy last week.

Oklahoma over Colorado: Could be lopsided.

Alabama over Mississippi State: Joe Namath gives the Crimson Tide an edge.

Nebraska over Missouri: The Tiger offense sputters and the Huskers have Dennis Claridge at the controls.

North Carolina State over Virginia: With relative ease.

Spartans Have Speedy Backs

EAST LANSING (AP) — Trying to stop the Michigan State running atttack is like grabbing a tube of toothpaste which has half a dozen holes.

Cover up one hole, and something squirts out of others.

That is the problem faced by Wisconsin in the football homecoming here Saturday.

You can be sure Wisconsin will try to contain little Sherm Lewis, the mighty mite who was the two - touchdown game hero against Northwestern.

George Lanphear, former coach and advanceman for the Badgers, reported head coach Milt Bruhn "certainly is concerned about Lewis."

"Our scouts report Michigan State is the fastest overall team in the conference," he said.

Fullback Roger Lopes and halfback Dewey Lincoln can be as dangerous as Lewis. Lopes still is the leading rusher for the Spartans with 382 yards compared to the 261 yards net for Lewis.

Lincoln has been used a lot as a decoy and for his excellent blocking. He did not carry at all in the Michigan game because of his jaw fracture and is due to break out in a sprinting spree any game now. Lincoln is third in rushing with his 124 yards.

Halfback Ron Rubick is another threat, now that he is over a knee operation.

The Spartans have been using a freshman lefthanded passer, Chuck Lother of Royal Oak, in practice in preparation for the game.

Vollmer Selected Week's Top Back

MEMPHIS, Tenn. (AP)—The Associated Press Back of the Week accepted the admiration of all today but didn't seem especially impressed with his performance.

"Actually I haven't had a real outstanding ball game yet," said Russell Vollmer, the brilliant quarterback who engineered Memphis State's 17-10 football triumph over Mississippi State Saturday night.

But Vollmer's trim 6-foot, 190 pound form dominated the storybook game marked by madness and melodrama.

He ran back the opening kickoff 78 yards to set up Memphis State's first score. Later in the first quarter on another Tiger drive, he was knocked completely off the field and had to be rushed to a hospital for examination.

Mississippi State slowly moved ahead and Memphis State fans were telling themselves the game was lost when they noticed battered No. 12 jog onto the field during the second half. They screamed for their hero and he gave them what they wanted as he directed the winning touchdown in the final quarter.

When told of being chosen Back of the Week, Vollmer grinned and said, "I didn't think I'd ever get an honor like this." He even looked a little embarrassed.

Other backfield standouts over the weekend were Sherm Lewis of Michigan State, Jim Grisham of Oklahoma, Don Trull of Baylor, Steve Thurlow of Stanford, Pete Liske of Penn State, Donny Anderson of Texas Tech, Billy Lothridge of Georgia Tech, Tony Crosby of Texas, Gayle Sayers of Kansas, Roger Staubach of Navy, and Ken Hatfield of Arkansas.

Frank Trotter Led Crusaders To 7-1 Record

Frank Trotter, Holy Name's junior quarterback, played a vital role in the Crusaders' season record of seven victories in eight starts.

Trotter, 5-10 and 160 pounds served as a competent "coach on the field"for Coach Bill Earle, calling most of the Crusader plays and diagnosing enemy weaknesses in clutch situations.

The Holy Name signal caller was one of the deadliest passers in the Peninsula with 53 completions in 119 attempts. His aerial game accounted for eight touchdowns and 914 yards, an average of one touchdown and 114 yards per game.

Trotter also carried the ball 54 times for 349 yards, an average of 6.5 per trip. He scored five touchdowns and an extra point.

Senior fullback John Quinn led the Crusaders in scoring with 42 points. Quinn lugged the leather up the middle for 491 yards in 98 carries, an average of 5.1 yards per trip.

Senior halfback Bill Curtis led all Holy Name runners with 583 yards in 79 carries for average of 7.4 per trip. He followed Quinn in the scoring department with 36 points.

Eugene Fregetto made only 13 appearances as a Holy Name runer but he blasted his way for 131 yards for an average of 10 per trip, scoring one touchdown Fregetto was the team's outstanding defensive player as an end and the 6-1, 200 pound junior made the offense work with his blocking on offense.

Rounding out the Crusader ball carriers was Tom Meinz, junior halfback, who gained 107 yards in 21 trips for an average of 5.1.

On the receiving end of Trotter's touchdown passes were Mike LaFleur with three, Frank Stupak with three, Meinz and Curtis one each.

The other leading scorers for Holy Name were Meinz with two touchdowns and Jim Berish, injured midway in the season, with 10 points.

As a team, the Crusaders gained 1,852 yards to 823 for their opponents on the ground. In the air, they moved 914 yards to 554 for their opposition. They had 118 first downs to 68 for their foes.

Packers Claim Zeke Bratkowski

GREEN BAY, Wis (AP — The National Football League champion Green Bay Packers bought themselves some quarterback insurance Tuesday against a delay in the healing of Bart Starr's broken hand. They claimed Zeke Bratkowski on waivers from the Los angeles Rams.

Bratkowski, a 31-year-old veteran of eight NFL seasons, will relieve John Roach, the Packers' No. 2 signal caller, if needed.

The Packers offered no comment on the deal, but there were some obvious conclusions. Since they put defensive back Howie Williams on waivers to make room for Bratkowski rather than putting Starr on the injured list, Starr's hand apparently is expected to be ready in less than four weeks.

Michigan Tech Keeps Top Spot In State Ranks

By The Associated Press

Michigan Tech continues to ride high among Michigan's 18 college football teams this week.

The Upper Peninsula school, which clinched the Northern Intercollegiate Conference championship last Saturday, leads all state teams with a record of 5-2. Michigan State, now tied for the Big Ten lead, is third. Five other teams have .500 records and two others are just one game below the break-even point.

Still at the bottom of the list is Olivet, which has dropped all seven of its games.

The individual performance chart is topped by Bob Benjamin of Northwood Institute. He has scored 48 points. Larry Moore of Central Michigan is second with 39, followed by Bill Hultgren of Hope and Ed Lauerman of Kalamazoo with 38 each. Lauermann rang up 32 points last Saturday against Olivet.

Hawks Rally, Nip Knicks

By The Associated Press

The St. Louis Hawks pulled off a Frank Merriwell feat with 31 seconds left to play and beat the New York Knicks in a National Basketball Association game Tuesday night.

Behind 95-89 the Hawks stole a page from the accomplishments of the fictional sports hero, tied the score at 95-95 in regulation time and went on for a 109-103 overtime victory.

The Cincinnati Royals whipped the San Francisco Warriors 108-101 in the other scheduled game.

Mike Farmer's basket started the heroics for St. Louis in the game at New York. John Barnhill followed with a one-hander from 25 feet out, then intercepted a pass from Tom Gola and scored the tying basket. Barnhill followed up with four points as the Hawks took a 105-96 lead in the overtime en route to their third straight victory.

Shue Traded To Baltimore

NEW YORK (AP)—Gen Shue, onetime Detroit Pistons star, now is the property of the Baltimore Bullets of the National Basketball Association. The New York Knickerbockers traded Shue and Paul Hogue to Baltimore Tuesday for Billy (The Hill) Mc Gill, the nation's top scoring collegiate player with the 1961-62 Utah team.

Hank Is Beaten In 'Title' Bout

FLINT, Mich. (AP)—It may take a while for Eddie Cotton to get a crack at the world light heavyweight championship. But the quiet Seattle fighter will take the title in pieces if he has to.

Cotton, ranked the No. 1 contender to World Boxing Association champion Willie Pastrano, won the Michigan version of the world title with a unanimous decision over sixth-ranked Henry Hank of Detroit Tuesday night.

Cotton has won decisions over highly rated foreign fighters, including Scotland's Chick Calderwood, but has yet to get the fight he wants—with Pastrano.

Cotton, 36, gave away seven years and 2½ pounds to Hank but used his six-inch reach advantage to keep the Detroit slugger off balance with an effective left jab. Cotton weighed 172½ pounds and Hank 175.

The Seattle puncher, a tool and die maker with an aircraft firm when he's not fighting, admitted Hank hurt him in the ninth round.

"He hit me good, but I didn't let him know it and was able to box out of it," Cotton said.

Hank sat dejectedly in his dressing room and talked of quitting the ring.

"When a man fights as good a fight as I did in his home state and loses, then it's about time to quit," he said.

Cotton's manager, George Chemeres, had threatened to pull his fighter out of the match after finding out a 90-second rest period would be used between rounds, instead of the usual 60 seconds.

He later backed off on the demand.

Cotton, of course, would like to fight Pastrano, but it appears a bout with either Germany's Gustav Schultz or Italy's Guilo Ranaldi will be next.

MUNISING — Escanaba and Gladstone landed two players apiece on the 1963 Great Lakes all-conference football squad selected by conference coaches at their annual fall meeting here Tuesday.

Representing Coach Jerry Cvengros' Escanaba Eskymos on the first team, named by coaches on an all-opponent basis, were senior tackle Dale Horchner and sophomore guard Steve Oman. Oman, a 6-foot, 215 pounder, was the only sophomore to be named to the honor squad this year.

Horchner, senior tackle and linebacker, stands 5-10 and weighs 208 pounds. He was named earlier by his team mates as the most valuable player on the Eskymo team and was elected captain for the season.

Tom Domres, senior guard and fullback, and Dan Schram, senior halfback, were named from Coach Don Pfotenhauer's Gladstone club.

Coach Axel Anderson's Stephenson Eagles dominated the all-conference first team with three selections. Named from the Eagles were guard Jerry Hittman, center Roger Sager and back Jim Dougovito. End Clarence Peterson made the second team and tackle Jerry Lutri was named to the honorable mention list.

Coach Dick Bonifas' Manistique Emeralds placed end Fran Weber on the first team, tackle Mike Sheppard, guard Richard Hoholik and back Murray Patz on the second team and center Paul Harris on the honorable mention list.

Soo Gets Two

Representing the Newberry Indians on the second team was end Joe Panula. Garth Jacobson, Don Wietella, Pete Miller and John Hendrickson were named to the honorable mention list.

The championship Soo Blue Devils landed two players on the first team in end Dennis Porter, unanimous selection, and back Andy Benson. Porter is a 6-4, 210 pound senior who played end and linebacker, kicked 21 extra points and averaged 40 yards per punt. Benson is a 5-11 senior halfback and Soo's leading ground gainer in a perfect 8-0 season.

Because of tie voting in the selections, the coaches named three guards, two centers and five backs to the first team.

In addition to their first team honors, the Eskymos landed Jim Clairmont in the second team backfield, Brent Baum at end and Glen Fleetwood at center on honorable mention. Gladstone was represented on the honorable mention list by Emery Dault at tackle.

College Grid Forecaster Picks Spartans Saturday

By HAROLD CLAASSEN

NEW YORK (AP)—They still manufacture pencils with erasers at the top so forget last week's selections—41 right, 14 wrong for .745—and recuperate with picks for the coming week. The season's figures are 226 correct with 79 misses for .741.

Here are the choice for the games ahead:

Texas over Southern Methodist: The SMU Mustangs have made great advances, especially on defense, but the Longhorns' Ford and Carlisle are more than they can handle.

Illinois over Purdue: The Purdue defense is stubborn but these Illini sophomores are a rugged lot when they play at home.

Louisiana State over Mississippi: The revamped LSU backfield came of age in the close struggle with Florida a week ago. The Rebels have had two weeks getting ready for this one.

Air Force over Army: The Cadets have the better record but they never have encountered a passing quarterback on a level with Terry Isaacson.

Southern California over Washington: The Trojans' Four B's—Beathard, Brown, Bedsole and Bame — are functioning again although the Huskies' Junior Coffey may be the game's hero.

Navy over Notre Dame: A year ago these two teams played in a young hurricane. This season's hurricane is Roger Staubach.

Michigan State over Wisconsin: The running of Sherm Lewis and Dewey Lincoln to offset the passing of Harold Brandt.

Princeton over Brown: This is one of the best Princeton teams in recent years.

Auburn over Florida: In this game the home field is the decisive factor.

Ohio State over Iowa: The Buckeyes are stronger and more plentiful.

Syracuse over Pittsburgh: The Panthers haven't recovered from the embarrassment they suffered against Navy last week.

Oklahoma over Colorado: Could be lopsided.

Alabama over Mississippi State: Joe Namath gives the Crimson Tide an edge.

Nebraska over Missouri: The Tiger offense sputters and the Huskers have Dennis Claridge at the controls.

North Carolina State over Virginia: With relative ease.

Spartans Have Speedy Backs

EAST LANSING (AP) — Trying to stop the Michigan State running atttack is like grabbing a tube of toothpaste which has half a dozen holes.

Cover up one hole, and something squirts out of others.

That is the problem faced by Wisconsin in the football homecoming here Saturday.

You can be sure Wisconsin will try to contain little Sherm Lewis, the mighty mite who was the two - touchdown game hero against Northwestern.

George Lanphear, former coach and advanceman for the Badgers, reported head coach Milt Bruhn "certainly is concerned about Lewis."

"Our scouts report Michigan State is the fastest overall team in the conference," he said.

Fullback Roger Lopes and halfback Dewey Lincoln can be as dangerous as Lewis. Lopes still is the leading rusher for the Spartans with 382 yards compared to the 261 yards net for Lewis.

Lincoln has been used a lot as a decoy and for his excellent blocking. He did not carry at all in the Michigan game because of his jaw fracture and is due to break out in a sprinting spree any game now. Lincoln is third in rushing with his 124 yards.

Halfback Ron Rubick is another threat, now that he is over a knee operation.

The Spartans have been using a freshman lefthanded passer, Chuck Lother of Royal Oak, in practice in preparation for the game.

Vollmer Selected Week's Top Back

MEMPHIS, Tenn. (AP)—The Associated Press Back of the Week accepted the admiration of all today but didn't seem especially impressed with his performance.

"Actually I haven't had a real outstanding ball game yet," said Russell Vollmer, the brilliant quarterback who engineered Memphis State's 17-10 football triumph over Mississippi State Saturday night.

But Vollmer's trim 6-foot, 190 pound form dominated the storybook game marked by madness and melodrama.

He ran back the opening kickoff 78 yards to set up Memphis State's first score. Later in the first quarter on another Tiger drive, he was knocked completely off the field and had to be rushed to a hospital for examination.

Mississippi State slowly moved ahead and Memphis State fans were telling themselves the game was lost when they noticed battered No. 12 jog onto the field during the second half. They screamed for their hero and he gave them what they wanted as he directed the winning touchdown in the final quarter.

When told of being chosen Back of the Week, Vollmer grinned and said, "I didn't think I'd ever get an honor like this." He even looked a little embarrassed.

Other backfield standouts over the weekend were Sherm Lewis of Michigan State, Jim Grisham of Oklahoma, Don Trull of Baylor, Steve Thurlow of Stanford, Pete Liske of Penn State, Donny Anderson of Texas Tech, Billy Lothridge of Georgia Tech, Tony Crosby of Texas, Gayle Sayers of Kansas, Roger Staubach of Navy, and Ken Hatfield of Arkansas.

Frank Trotter Led Crusaders To 7-1 Record

Frank Trotter, Holy Name's junior quarterback, played a vital role in the Crusaders' season record of seven victories in eight starts.

Trotter, 5-10 and 160 pounds served as a competent "coach on the field"for Coach Bill Earle, calling most of the Crusader plays and diagnosing enemy weaknesses in clutch situations.

The Holy Name signal caller was one of the deadliest passers in the Peninsula with 53 completions in 119 attempts. His aerial game accounted for eight touchdowns and 914 yards, an average of one touchdown and 114 yards per game.

Trotter also carried the ball 54 times for 349 yards, an average of 6.5 per trip. He scored five touchdowns and an extra point.

Senior fullback John Quinn led the Crusaders in scoring with 42 points. Quinn lugged the leather up the middle for 491 yards in 98 carries, an average of 5.1 yards per trip.

Senior halfback Bill Curtis led all Holy Name runners with 583 yards in 79 carries for average of 7.4 per trip. He followed Quinn in the scoring department with 36 points.

Eugene Fregetto made only 13 appearances as a Holy Name runer but he blasted his way for 131 yards for an average of 10 per trip, scoring one touchdown Fregetto was the team's outstanding defensive player as an end and the 6-1, 200 pound junior made the offense work with his blocking on offense.

Rounding out the Crusader ball carriers was Tom Meinz, junior halfback, who gained 107 yards in 21 trips for an average of 5.1.

On the receiving end of Trotter's touchdown passes were Mike LaFleur with three, Frank Stupak with three, Meinz and Curtis one each.

The other leading scorers for Holy Name were Meinz with two touchdowns and Jim Berish, injured midway in the season, with 10 points.

As a team, the Crusaders gained 1,852 yards to 823 for their opponents on the ground. In the air, they moved 914 yards to 554 for their opposition. They had 118 first downs to 68 for their foes.

Packers Claim Zeke Bratkowski

GREEN BAY, Wis (AP — The National Football League champion Green Bay Packers bought themselves some quarterback insurance Tuesday against a delay in the healing of Bart Starr's broken hand. They claimed Zeke Bratkowski on waivers from the Los angeles Rams.

Bratkowski, a 31-year-old veteran of eight NFL seasons, will relieve John Roach, the Packers' No. 2 signal caller, if needed.

The Packers offered no comment on the deal, but there were some obvious conclusions. Since they put defensive back Howie Williams on waivers to make room for Bratkowski rather than putting Starr on the injured list, Starr's hand apparently is expected to be ready in less than four weeks.

Michigan Tech Keeps Top Spot In State Ranks

By The Associated Press

Michigan Tech continues to ride high among Michigan's 18 college football teams this week.

The Upper Peninsula school, which clinched the Northern Intercollegiate Conference championship last Saturday, leads all state teams with a record of 5-2. Michigan State, now tied for the Big Ten lead, is third. Five other teams have .500 records and two others are just one game below the break-even point.

Still at the bottom of the list is Olivet, which has dropped all seven of its games.

The individual performance chart is topped by Bob Benjamin of Northwood Institute. He has scored 48 points. Larry Moore of Central Michigan is second with 39, followed by Bill Hultgren of Hope and Ed Lauerman of Kalamazoo with 38 each. Lauermann rang up 32 points last Saturday against Olivet.

Hawks Rally, Nip Knicks

By The Associated Press

The St. Louis Hawks pulled off a Frank Merriwell feat with 31 seconds left to play and beat the New York Knicks in a National Basketball Association game Tuesday night.

Behind 95-89 the Hawks stole a page from the accomplishments of the fictional sports hero, tied the score at 95-95 in regulation time and went on for a 109-103 overtime victory.

The Cincinnati Royals whipped the San Francisco Warriors 108-101 in the other scheduled game.

Mike Farmer's basket started the heroics for St. Louis in the game at New York. John Barnhill followed with a one-hander from 25 feet out, then intercepted a pass from Tom Gola and scored the tying basket. Barnhill followed up with four points as the Hawks took a 105-96 lead in the overtime en route to their third straight victory.

Hank Is Beaten In 'Title' Bout

FLINT, Mich. (AP)—It may take a while for Eddie Cotton to get a crack at the world light heavyweight championship. But the quiet Seattle fighter will take the title in pieces if he has to.

Cotton, ranked the No. 1 contender to World Boxing Association champion Willie Pastrano, won the Michigan version of the world title with a unanimous decision over sixth-ranked Henry Hank of Detroit Tuesday night.

Cotton has won decisions over highly rated foreign fighters, including Scotland's Chick Calderwood, but has yet to get the fight he wants—with Pastrano.

Cotton, 36, gave away seven years and 2½ pounds to Hank but used his six-inch reach advantage to keep the Detroit slugger off balance with an effective left jab. Cotton weighed 172½ pounds and Hank 175.

The Seattle puncher, a tool and die maker with an aircraft firm when he's not fighting, admitted Hank hurt him in the ninth round.

"He hit me good, but I didn't let him know it and was able to box out of it," Cotton said.

Hank sat dejectedly in his dressing room and talked of quitting the ring.

"When a man fights as good a fight as I did in his home state and loses, then it's about time to quit," he said.

Cotton's manager, George Chemeres, had threatened to pull his fighter out of the match after finding out a 90-second rest period would be used between rounds, instead of the usual 60 seconds.

He later backed off on the demand.

Cotton, of course, would like to fight Pastrano, but it appears a bout with either Germany's Gustav Schultz or Italy's Guilo Ranaldi will be next.
